Cheers everyone....Finally the long awaited issue of EVIL ROTTING ZINE is finally out!!!! First of all,sorry for the loooooooong delayed but I was so fucked up those days having lots of problems facing me like financial problems,studies,family naggings and all kinds of shits! But thanxxxxx alot to all of you for giving me a full confidence and supportin me (you know who you are) and thanxs too to all of you who has bothered to bought this shitty zine,maybe you have regret boughting it but you can fucked it anyway since it wasnt well done unlike others godly zine's from here,I must admit that I was the laziest person in the whole planet,I'd like to thanxs all those people who waited a long time to see my EVIL ROTTING in your mail-box....I really hope you trusted me and believe that EVIL ROTTING has always been a true zine and not a big joke or a fuckin' rip-off;even you might see that I was really a crazy guys interviewing band in all sorts of rubbish and nonsense questions but I'm prefer in that way,I hope you enjoy even though the questions are a bit the same.O.k. let me tell ya something about the conclusion in my zine,well I mostly featured alot of DEATH METAL and GRINDCORE bands in it but you still find some great hardcore and punks bands in it,I tried to be an open minded guy even though I dislike Hc/Olli.....etc but I'm fond of them since they knows how to make a deal with how the songs should goes. I listen to everything that I've heard and I think it's a part of the positivism,So don't get my wrong,I'm always trying to get the most of originality,despite the quite basic opinions but EVIL ROTTING is certainly the wimpest zine among others.Weilllllllll....I think I better stop now for the editorial,I really hope you'll continue to support me and giving me more confidence for the next production of EVIL ROTTING and I believes that the next issue will be a much much better one but with your helps.Thanxs again for all of you who has been honest and trusted me as a reliable zine editor,I really appreciate if you could write and give me your opinion about my zine.Once again thanxs for everything folks,support the real scenes and enjoy reading this shitty zine.YOU RULEEEEE!!!!!!!!!!!!!!!!!!!!!!

THANXS & HELLO TO EVERYONE INVOLVED!!!!!!!!!!!!!!

# ULTRA GRINDING BEARDS

GZKBJFTPSNWTZLVMNCXITRQL.....NOISEEEEEEEEEEEEE!!!!!! Geeee..this is what I'm expecting for a long time so here it is, the mutants from Germany called U.G.B. in the meaning of ULTRA GRINDING BEARDS (what a weird!!!) I got back their demotape which I think is the most NOISECORE music. O.k. let us read first how does the band history go:- U.G.B. was founded in the end of '88 by this both beards OLLI (drums/vox) & GUIDO (guitars/vox), by influencing in some grinding bands they began to practicing on their own as a two pieces band. On the 23.8.89 they did their first reh. tape with 7 songs in it which was just a promo stuff for fanzines & they receives a good response out of it. Since by that they began to write more material. So the result was their first demo which was release in early '90 entitled "Extreme Beardy" that includes 17 songs in it and which was also recorded in OLLI's bedroom. This tape is a great step forward for the band and the reactions were again very positive. Now the band actually in test of a new guitar player so that GUIDO will pick up the bass to get some more volume into their sound. BREMY is their new guitarist who is also doing their logos and artworks. Now they plan to smash your brains in the end of '90/'91 with a new demo! So Watch Out!!! Come on read my interviews with this both beardy:-----

E.R.Z.: Well Guido what are U.G.B. early days and what do ya mean by the name U.G.B. ?  
GUIDO: Well there's not much I can say about the early days of U.G.B. We started back in '88 practice, wrote and recorded some songs, send them to zines and get some good response. So we went on and we still do. Yeah, a lot of people ask us what U.G.B. stands for. It stands for ULTRA GRINDING BEARDS. We choose this name cause he's outstanding, unusual, extra-ordinary and he fits very well cause Olli and I both wear a beard! (Is it a true beard or a false one???-ed.)  
E.R.Z.: Hey Olli do you think that raping a goat is a dirty thing ?  
OLLI: Yes it is! Absolutely! But what about a pretty female frog?!? (Welll its o.k.!-ed.)  
E.R.Z.: What's your comments about the same questions Guido ?  
GUIDO: Yes it is, definitely. That's not my cup of tea. I prefer a young and nice girl!  
E.R.Z.: Olli does you think women worship your dick and what's your opinion about their round breast they have and their large ass they produce ?  
OLLI: Yes, women do worship because little things are made for being worship. Most important are the nipples. (But I think the best are their pussy...hihihi-ed.)  
E.R.Z.: Well Guido how often do you abortion your shits ?  
GUIDO: Stupid questions. No comments!

E.R.Z.: Olli are you into paganism and black things or are you into more realistic stuff ?  
 OLLI: I'm a realistic person.No black things,please!  
 E.R.Z.: Guido do you consider your band as a pandemonium type or just a Grind Rock ?  
 GUIDO: That's easy man! Our music is nothing more than NOISE!But....we still have to say that there is,and always will be a bit of structure in most of our traxs.So it's well structured NOISECORE!  
 E.R.Z.:Do you have such pathetic or melancholy if your butts get swollen Olli ?  
 OLLI: No,I don't have.....oh shit,it smells now! (GGGrrrrr....-ed.)  
 E.R.Z.: Guido,in your childhood time do you get measles before ?  
 GUIDO: I don't know.I don't remember.I prefer to look into the future not into the past.  
 E.R.Z.: Olli,have you ever insert your dick in a middlesome old woman mouth before ?  
 OLLI:No,I don't think so....ahm....I hope so.Even not when I was stoned.  
 E.R.Z.: Guido,do you consider that you're a sick person and do ya ever suffers from any mental illness before ?  
 GUIDO: No way.I feel alright,my health is good,my mind and attitude is o.k. so it's all as it must be! (I was diagnose with H.I.V.!!!-ed.)  
 E.R.Z.: Olli,what next for U.G.B. ?  
 OLLI: Well,the next aim is to practice the new stuff for doing a second demo.  
 E.R.Z.: Guido,what are your main point for U.G.B. ?  
 GUIDO: Next goal we want to reach is to play live more often,than releasing a new demo or perhaps an EP/Flexi and of course having fun for a long time.  
 E.R.Z.: Hey Olli how about a gig here in Singapore ?  
 OLLI: It would be great,really,I would enjoy it.But I think this will not truth for another 84 months or so,because we have no money to come to Singapore.Perhaps in further 8 months;look out for a support for that gig,please.  
 E.R.Z.: O.K. Olli and Guido,what are your last nonsense to the readers ?  
 GUIDO: Thanks for doing this interview with us.If anyones interested in our demo(incl 3 reh/over 40 min) or a T-shirt,drop us a line.Demo 3\$US + 2IRC,T-shirt(4 sided-black on white) 10\$US + IRC.Please no stupid one line letters.Support your local scene and read the EVIL ROTTING ZINE.Take care,musics is NOT \$\$\$\$\$\$.

DARK, EVIL TECHINODEATH METAL

Finally, I received back the interviewed from the Norwegian techno band called 'DARKTHRONE'. I'm happy though coz I been hardly looking forward to get it; they do answered my interviewed and also they enclosed too their new demotape "Cromlech". Ooooh... I really appreciate for their support!! This band has a high technical and techno level, in early days; they use to play alot of techno songs on their first and second demo-"Land of Frost" and "Thulcandra" but it totally bad as to their soundings that rip them out but.....this guys is back with their new demotape and they images themselves as a DEATH/DOOM metal band, yes I agreed with that too after hearing their three tunes; "The Watchtower", "Accumulation of Generalization" & "Sempiternal past/Presence view Sepulchrality". Mineee.. this is more great than the last two demos, it seems that they had improved quite alot now. By the way, they got a record deal and was entitled "Soulside Journey" but it probably gonna be released in early '91; I must grap that one too. Anyway check this one out, my interviewed with Gylve, he's a nice and cool guy... So come on freaks, whats' waiting for:

E.R.Z.: O.K. Gylve, tell us the band feedback and the present line-up too ?

GLYVE: Since June '88, the line-up has been- Gylve (drums), Ted (lead guitar & vox.), Dag (bass) and Ivar (Guitar). We formed in X'mas '87. We've released 3 demos, "Land of Frost" (February '88, total shit) "Thulcandra" (April '89, very bad) and "CROMLECH" (November '89, our only good demo- we got the record deal we wanted with this tape.)

E.R.Z.: How's the response been to both of your demos and do you got much fans in Singapore ?

GLYVE: Yeah, we have some fans in Singapore, but up to now, I've only got 4-5 letters from there. The response to "Cromlech" has only been great!!! I think we got almost 10 record contract offers with this demo, it's like a dream to have got the 4 LP deal with Peaceville records, our debut "Soulside Journey" will be out in January 1991.

E.R.Z.: Whos' got the name DARKTHRONE, does it represents something etc. ?

GLYVE: I came up with this name in December 1987, and I just wanted a name I liked. But now there is a magazine in South America that took our name,.. (Fuck that asshole!!-ed.) It doesn't represent something concrete, it was created to give a feeling; image, but it's also a HAIL to the darkside.

E.R.Z.: What will you say if you saw an old man was headbanging tremendously when hearing to your demo songs ?

GLYVE: If he was banging to our first demo, I would say that the old man had bad taste. If he was banging to "CROMLECH", he would be mad.

E.R.Z.: Have ya ever raped a nun and done the stupid way to fuck an animal ?

GLYVE: I would like to rape, but right now I'm more possessed by music... I haven't thought about fucking animals, but I don't think people that does it are mad.. I accept it.

E.R.Z.: What do you think of Satans Lord and do you believes in Jesus Christ ?

GLYVE: His law shall or should be the only... I hate Jesus Christ, but also his followers are worse.. (Pure Fucking Worse!!-ed.) I've studied religion a bit these days, and it seems that all religions has the same moral.. religion is hard for me to understand, I try to believe in Satan (then you must also believe in Christianity) but it's very hard for me.

E.R.Z.: State about 10 of your bands faves and does any of the rock and pop songs interest ya

GLYVE: I hate this because I like ALL sorts of music ALOT, but to sum up some of the band faves like: PARADISE LOST; MORBID ANGEL; AUTOPSY; RUSH; POSSESSED; ENTOMBED; CARCASS; GODFLESH; IRON MAIDEN; YES.... Yeah, rock and pop interest me, but not the others. I love SUZANNE VEGA; MICHELLE SHOCKED; BIG COUNTRY; BEASTIE BOYS; PAT METHENY; EDIE BRICKELL; NENEH CHERRY; DE LA SOUL; POGUES and many many many others-I buy music, drums, food, stamps and tapes for my pay-I work full time...

E.R.Z.: Will you accept if BON JOVI wanted you to play drums in his band ?

GLYVE: No, I don't like BON JOVI, but I love HANOI ROCKS; GUNS & ROSES; ENUFF \*Z NUFF; VAN HALEN; QUIREBOYS; RATT; and many other glam and rock 'n roll bands... the usual Heavy Metal too of course

E.R.Z.: What's your opinion on today girls breasts especially Samantha Fox ?

GLYVE: I guess those guns have always been the same.. Oh, that reminds me-I DIG SKID ROW!!!!

E.R.Z.: What do you think of my zine here or comments about the question etc. ?

GLYVE: I've never seen your zine, but I think it'll turn out great. The questions are normal. (almost) (Hhmmm... I think it so disgusting ?!!-ed.)

E.R.Z.: What's your opinion on wimps nowadays ?

GLYVE: Musical wimps??? I think it's most wimpy to only like ABBA!! But I guess many narrow minded guys in the scene think I'm a wimp since I like glam metal so much... (Is it true?-ed.)

E.R.Z.: Which band do you hate most ?

GLYVE: I hate M.O.D. most because of Billy Milano, but I hate Swedish disco and pop alot!!!!

E.R.Z.: Do you like alcoholic stuff, sex or murder or other realistic thing ?

GLYVE: I only drink TEQUILA, don't even mention beer.. I haven't got the time, nor the looks for sex, and I can't risk murder. (I like to try killing all those NAZI PIGS!!-ed.)

E.R.Z.: What new stuff have you got right now ?

GLYVE: On our debut album "Soulside Journey" we'll have all songs from the CROMLECH demo, one older called EON (instrumental from "Thulcandra") and 4-5 new, more technical songs.

E.R.Z.: O.K. thanxs Gylve, your last words to the readers ?

GLYVE: Thanx for the interview and thanks to all that bothered to read it, and bought this mag. All buy the PARADISE LOST ALBUM  
ENTOMBED ALBUM OR FUCKIN' DIE NOW!

P H L E G E T H O N

Finally I got back this interview from this 15-16 years old Finnish solemn death metal band. They had sent me their first demotape called "Visio Dei Beatifica" which are a weird stuff anyway. This demo was really a drastic one, it consists of 6 traxs + the intros, all of the songs are my faves traxs too. P H L E G E T H O N was formed in 1988. It was founded by three young musician (at that time 13-14 years old) that had known each other for a longer time and even played in the same band earlier-this band wasn't existed long, however-but this was their first true co-operation. Teemu Hammonen on guitars and sings, Juha Tykkylainen on lead guitars & Lasse Pyykko handling the drums. About a year the band existed with a couple of different names and styles and made some musical projects without finding their original style in music or lyrics. During summer of 1989, they oriented to Death Metal and also influenced by surrealism. So in the end of October 1989, their first demotape was recorded entitled V.D.B. and was made 100% by themselves without any outsiders. This is how the total playing grew to nearly 30 minutes. Juha and Teemu had shared the bass work on this demo since they hadn't got a bass player. After some fucking search, they got Jussi Nyblom on bass in the beginning of 1990. As all things went well between him and the rest of the band, the plans for a second demotape started to develop. Lasse used some old tunes and made with them and newer riffs too. In this June of 1990, their 2nd demotape was recorded which is the latest one. This demo was more of a weirdos stuff than before which was produced by an outsider. This demo was entitled "Neutral Forest" which is a 24 minutes of drastic incidence of inbred deathmetal and surrealism with connotations. This tape includes four prodigious tales cloaked by different hues and profiles. So it is no surprise that the band awaits more attention to their musics also an LP in the near future. !!!

From Bedok North came this 2-piece Deathcore/Noise band. (The same area as ANATHEMA!) I got their brutal stuff some time ago..... BLUUURPPP...TOTALLY FUCKING SICK! This two crazy guys really blown off my mucus!!!! Their first demo "Flames Of Redemption" consists 3 godly traxs,.....like "Incantation", "Thrown Into Oblivion" & "Infidel's Affidavit", lots of noise tunes could be heard everywhere and its seems that the drummer SPEED is like hitting a tray!...Ha!Ha!Ha!Just kidding!! Lots of guitarsstructures from HOLOCAUST;Fuckin' riffs off!!What a guy..... HISTORY: INFIDEL was created in early August '89 with three other members but unfortunately that line-up doesn't last long since that other of the two members had to be kicked out coz' they're a fuckin' rip off guys!So Holocaust and Speed decided to stay as a 2-piece band,and by that they were the first two piece underground bands in Singapore.With hard works and practices,they finally managed to released that first demotape,that was recorded in late December '89 too.After a long releases of their demo,Speed the drummer left the band due to some personal problems but that doesn't stop Holocaust from the band even he himself is now serving in the army.(Do you like army???)For a short while,he got back with him 3 new guys to complete the line-up but unfortunately again he had to kicked out that three idiots coz they were just a Death Metal pretender. He been very tired,sick and mad of those fuckin' bastards coz they were just making a fool of him.Let us hope that those three mother fucker will die soon!!!!However he has made up his mind to stay as a 2-piece band back with his new drummer called TYPHON(he's not one of those bloody yags!!)INFIDEL's second demotape was called "Faces Of Death" and still consists of 3 deadly traxs and should be out probably in late November '90,but the style is much more different from the earlier one.It is much more gorish,heavy stuff and a bit technical,that is INFIDEL new concepts!!I really hope this line-up would remains long and their news would surely explode one day!If really like something Noise/Death/Core/Brutal stuff,this band demo's is for ya;it's available,send 4 bucks will do: N E V E R R I P O F F ! ! ! ! ! # BENEDICTION

B R A V O . . . . . Finally the long awaited letter has arrived back

in my post-box. It's from Barney of BENEDICTION and NA PALM DEATH. I've received back the interview that I did quite long time ago. Fucking sick answers as well from him!!! I really hope that most of you had listens to their demotape nor their LP too,shame on you if you're haven't do so but I'm sorry to say too that even I myself haven't got it....Hahahahahahaha!!!! But anyway Barney told me that he'll taping down for me the BENEDICTION demotape...haha,I'm happy though. The only main thing that I could only describe is that BENEDICTION is just a to-tally Death Metal but still gorish and powerful to listen. Probably I might like the way he sang in NA PALM DEATH;a much more sicker and rotten..... G R I N D C O R E R U L E S S S ! ! ! By the way I better stop this fuckin' nonsense since I couldn't label and tell ya about their demo but don't go away;read on this interviews with Barney(vox). Peep in nuts :-

E.R.Z.: Well Barney,when and how was BENEDICTION started ?  
 BARNEY: BENEDICTION was formed in February '89 from ex- REPRISAL/NECROSIS members.  
 E.R.Z.: Who got the name BENEDICTION and why was it taken ?  
 BARNEY: I came up with the name.I liked it because a BENEDICTION is sort of a blessing which is an opposite to our music/lyrics.I actually took it from a song of the same name on the TERRORIZER "Nightmares" demo.  
 E.R.Z.: How long do you takes to remember the lyrics and from where do you obtain such a rotten demonic voice from ?  
 BARNEY: I usually learn the lyrics as I write them.I get my voice from drinking CIDER and from being a mutation of Tom G. Warrior/Troy Dixler + Kam Lee.(How about Madonna voice???-ed.)  
 E.R.Z.: Do you consider yourself suffer from a mental illness sicknesses ?  
 BARNEY: Only during a heavy drinking session with a band called PROIAPSE.  
 E.R.Z.: Have ya pants has ever slipped off while you're were headbanging tremendously ?  
 BARNEY: No. (Maybe ya underwear had slipped off before,hihihi-ed.)

E.R.Z.---Well Andi tell us your band history and their fuckin' age?

ANDI-----One day in late '89 Jochem (19-drums) and myself (Andi,20-vox.) decided to start a little project called 'DISTORTED DISPROPORTIONATION',beside the bands we usually play in (Jochem at that time 'FEEDBACK RECYCLING'/me in 'TUMOR'),So we went to the rehearsal room together with a friend of Jochem,he's Nils (guitars) and we were complete without any rehearsals before,we recorded the 'DIE IN MEGAPAIN' demo.But it's a project,not a real band,because we live far away from each other.

E.R.Z.---Why is your band given named as 'DISTORTED DISPROPORTIONATION','?What does it really means and does it represents something or whatever?

ANDI-----It's just a play on words,no meaning at all.We thought that because of the extrem distorted guitar we take a name with 'DISTORTED',that's all.

E.R.Z.---What will you do if your penis been cut off and been sliced into pieces?

ANDI-----I would bleed to death.

ANDI-----I think it has taken about 2 hours,no planned songs,no planned lyrics.

E.R.Z.---How's the response been to your demotape so far and have ya ever played in a live gig so far,how does its goes?

ANDI-----The response has been great,many people from all over the world has written to me.We will never played live (look answer 1).

E.R.Z.---Do you accept BON JOVI if he wish to be your backing vocals in your band?

ANDI-----I don't like BON JOVI and I think he would never wish to play in our band.

E.R.Z.---Do you guys all believes in SATAN and what do you think of it?

ANDI-----I have only spend the money on travelling.

E.R.Z.---Please describe the type of the songs in your demo and what type of songs do you hate most?

ANDI-----I think it's a mix between GRINDCORE and DEATH METAL,because there are ultra fast parts and slow guitar rip-offs.The rotten distorted guitar gives it all an own sound.What songs I hate most?I think Disco-Hula-Hula,nothing against good and aggressive electronic music,but teenie-disco-pop really sucks!!!

This is what I'm been expecting again for a long time. This Colombian MASACRE dudes has wrote back to me! Thus, this is the most brutal bands there that I have heard so far, quite excellent played and good soundings quality. In their latest '89 demo "Imperio Del Terror" that they sent me includes 8 raging tracks of gorish DEATH METAL with sick vocals on and heavy pounding tunes.... This bastard really knows how to handle their instruments!!! Well, I used to heard about the fucking masacres that's happening there in that countrys' through news, t.v. etc. Fucking brutal tons of innocence peoples is killed each day, and by the way they're lyrics is also deal with all of the bloody shit that's happening there!!! Here I got my interviewed done with my fuckin' brutal lad friend Mauricio 'Bull Metal'... also he is an editor of his two zine "Necro Metal" & "Breakin' The Silence", but anyway check my interviewed with him :

E.R.Z.: Well Bull, tell the readers your band feedback, their ages, and why do ya chose the name Masacre ?

BULL: Well, first... our band started to work in June 8/88. The members of the band right then were... Alex on vocals, Tony Guerrero on guitars and me (Bull Metal) on drums, after that two other friends joined the band. They were Andy on bass and Juancho on guitars. We worked with that line up until March '90, unfortunately we had to change our bassist because he wasn't able to keep on with our band. The new bass player of MASACRE is a great guy called Alejandro. He's actually the MASACRE bassist but he also plays lead guitar and vocals in another Death Metal band called PIROKINESIS. The actual line-up is Alex (22 years old) on vocals, Alejandro (15 years old) on bass, Juancho (19 years old) on guitars, Tony (23 years old) on guitars, Bull Metal (24 years old) on drums. We choose the name for the band (MASACRE) because we are living that shitty situation here in our country (Colombia). Unfortunately, we see sometimes that too much people is killed here. (Some masacres are 50 or 60 peoples killed at once!!) Can you believes this? (Yes, it sucks!!! -ed.) That's why we choose this name!

E.R.Z.: Tell us what stuff have you got right now and so far with this line-up, how many gigs have ya played, with whom, and what type of music do you hate most ?

BULL: Well, we have two demos, the first one called "Sepulcros en Ruinas" and the 2nd called "Imperio del Terror... Colombia". We have played around 10 gigs here and 3 of this gigs were in-front of more than 3000 people!! and MASACRE AS HEADLINERS!!!!!! We have played with some bands as PIROKINESIS, REENCARNACION, PESTILENCIA and others. The music I hate most?... Well, Punk music, Disco, Rap and all those shitty commercial bands as Bon Jovi!!

E.R.Z.: How's the response been to both of your demos, and have any of you guys have ever done a goatraping before ?

BULL: Well, our demos had just great response, we have sold almost 1000 copies of each demo; and about raping a goat, well I really love it to fuck that creatures! I've almost fucked 100000 goats 'till now!!! (Gee... can you handle it??? -ed.)

E.R.Z.: What do ya think of Satanism, and have ya ever raped a nun before ?

BULL: About satanists, well, I respect all kinds of religions. Myself I've been very interested for the occult and satanic stuff. Unfortunately, there's not so much people interested for this matters but in a serious way!!! Fucking with nuns... No!!! I hate them! I really prefer to fuck with a dog or a black horse!

I'M LOOKING FOR TOTALLY BRUTAL DEATH, NOISE, DOOM, GRIND CORE & TONS OF UNDERGROUND BANDS FROM ALL OVER THE WORLD WHO WISH TO APPEAR IN MY ZINE CALLED 'BACKACHE'. BANDS SEND DEMOS, BIOS, PHOTOS, LOGOS etc. EVERY LETTERS WILL BE ANSWERED & OTHER 'ZINES CAN SEND THEIR ADS. TOO!!

E.R.Z.: Please describe your music style and will ya gonna change it in the near future ?  
 BULL: We play BRUTAL DEATH METAL and will always be the same!!! (that's great!-ed.)  
 E.R.Z.: How's your zines selling on and do ya knows any of the bands here in Singapore lately  
 BULL: About my zines',well I'm the editor of one mag called "Breakin' The Silence" and I'm CO-EDITOR of another mag called "Necro Metal".Both mags have had just great response here in Colombia and some foreign countries...About Singapore bands?Well I know about ABHORER(a very excellent Death Metal band),and I know about you too!!!  
 E.R.Z.: In your own opinion,what do ya say about posers hanging around here ?  
 BULL: Fuck them all!!! (Oooh..I never fuck 'em but I always piss 'em-ed.)  
 E.R.Z.: From where did Alex got such a rotten demonic voice from;and for how long have ya been playing drums ?  
 BULL: Alex use to drink gasoline and hot oil before he sings!! (Why aren't he died?-ed.)I've been playing my drums since 1750!!Now I've been playing drums for almost 250 years!!!Can you believe it?(I can't).(Me too of course but who knows if you're using black magic etc.!!-ed.)  
 E.R.Z.: Any comments about my band and my zine question,how about a gig here in Singapore ?  
 BULL: About your band 'DEMISOR',it will be great if you can send me your demo!!(Yes,but later around December O.K.?-ed)I think,I will be very surprised about your mag!GREAT!!and please don't forget to send me a free copy.(O.K. there's no problem!-ed.)About playing in Singapore..GREAT!!Can you help us with this?!!! (Alright...,but how?-ed.)  
 E.R.Z.: How did you separate your time doing the zines and rehearsing with your band ?  
 BULL: Actually my only occupations are my two zines and MASA CRE...but I also play drums in another Death Metal band called AGONIA...So for me isn't very difficult to work on all this projects!!! (I'm surely tired of that!!-ed.)  
 E.R.Z.: What will you say if you saw an old man were headbanging while were listening to your demo in his walkman-do you consider he is a crazy dudes ?  
 BULL: No way!For me Metal has no age barrier! (Yeah,even my grandma is so fucking brutal!-ed.)  
 E.R.Z.: Do ya parents nag at ya for keeping long hair,what's their reaction against you ?  
 BULL: No,I'm free to look the way I want,my parents don't even care about my hair.Find if they do,I don't give a fuck!!! (My mums is proud of me for havings lots of foreign letters!!!-ed.)  
 E.R.Z.: What are your bands future goals,explain further ?  
 BULL: To keep on working,to make the 7"EP with PYOGENIC ORGASM RECORDS and we will record an LP with DEATHLIKE SILENCE RECORDS from Norway!Just wait for this!!!  
 E.R.Z.: Thanxx Bull,any last messages to said out to those clumsy readers ?

# XTREME OBSESSION OBSESSED

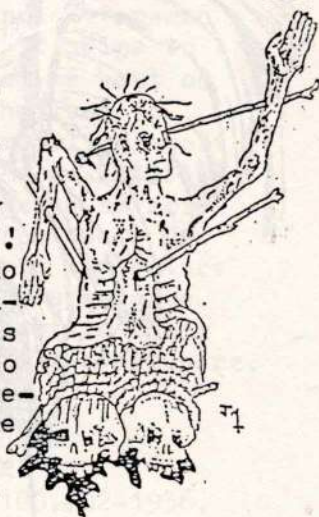

CHEERS EVERYONE!!!! The extreme passion of death is near, you'll ready to grind your butt?????Oooopst, I must have swallowed my own cum. Their excellent demotape was really full of noise and stench, boils on your own dick. This Deathgrinders really knows how to make it a smelly one, believe it or not? I got their chaotic demo from Axor (drummer) entitled "OBSESSED" that consists of 4 tracks, like 'TERMINATION', 'SEDUCTION', 'BLIND FAITH' & 'OBSESSION'-which one of my fave tracks. Nik (vocals) just somehow reminds me of Khalid (voice in NUCTEMERON) but he do has his own originality by the way he sings. You could heard too the louder rotten guitar from Hai and follows by the speeding drums of Axor-what a guy?! XTREME OBSESSION was formed since '88 with only 3 of the guys Nik, Hai and Burn. They had no any fucking guy to play the drums during that time. Then somehow around the mid of '89, Axor join the band to complete the line-ups. So the present line-up now is Nik on voice only, Hai on guitars, Burn on bass and Axor on drums. After those hard works and practices, they finally managed to release their first demotape that I've mention earlier called 'OBSESSED', 4 tracks of grinding deathmetal numbers. Really an extreme songs with an impressive lyrics as well. Well, the soundings of their recording foremost is quite O.K. you could heard what they're playing actually but like I said earlier it was full of noise everywhere.....If any of you chicken whom wanted to obtain their sick 'OBSESSED' demotape, send an equilavent US\$5 cash only. Stickers and T-shirts available too, aren't sure of the prices but write to them for more info. you write to them fast before THE EXTREME PASSION OF DEATH OBSESSED YOU TO THE PARADISE OF DARKNESS..... AAARRRRGGGHHHHH!!!! BULLSHIT!!!

I'm going insane again and recently I felt that my throat has been choked up and my nose is been cork up by tissue-papers. What the fuck! This killer letter tape arrived at my sick letter-box not long ago.... I truly surprised of it as I thought it was from India Hee! Hee! Hee! but I got it wrong it was actually from my own land, SINGAPORE. I couldn't believe that this guys is really been affected by convulsions and maybe they are just been released from the mental hospitals, who knows! In their rehearsal demotape that they sent me entitled 'Crusaders Of Damnation' includes only two tracks : 'Mortiferous Mobus' and 'Wrath Of Satan's Horde' that are intensively fuckin' noise Death Metal band! Their tracks were mainly about Witchcraft, Curse and Desecration + they're truly an antipathetic on Christianity, me too of course!!! ANATHEMA were formed since late August '89 but was just for fun soooo during early October '89 too they started practicing seriously with the present line-up: Hasri-vocals, M.nor-guitars, Hairi-guita Ashik-bass and Khalid-drums. Its all due to financial problems and their fucked up schools so they only manage to released their first official rehearsal demotape on the 4th week of June 1990..... The voice of Hasri reminds me of the ancient apeman that usually eats louse, roasted termites and hot boiled seurf so that it helps to rot their voice thoughtfully. So whats' the difference with Hasri voice, he kept on growling and growling until he went sweat, so pant and maybe he felt the lust to masturbate Hee! Hee! Hee!.... anyway I really have no idea what is he mumbling about recently... GGGRRRRRRR!!!! By the way this guys are currently savings some \$\$\$\$\$\$\$\$ for the expenses of their demo recordings soooooon and that probably gonna be more brutal than Stevie Wonder! Also they're still working and practicing for their new materials + learning through experiences and showing more improvement in the future so watch out for that you skinhead——they need all your comments, correspondence and of course your deadly support and if any of you bastards wants to obtain their rehearsal demotape, you're not yet late O.k. its still available for US\$2/- everywhere. So whats' waiting for bastards pen down your letters and \$\$\$ to :

JOLLY GURLY HOLLY.....this is a Doomish/Death Metal bands that hails from Pittsburgh, USA. Yez this is an all girls doomish bands that before I have never dream of;but was it a surprise?Yez it looks pretty interesting...UGGGHH!It sounds interesting as well,as good as they looks..UHUU It was a surprise to get their official demotape from my brutal lad pal GREG BIEHL;what a terrific demo this is.Really a doomish material with an excellent sounds and sicky growls.The band was formed by Sharon Bascovsky-vocals,guitars,bass and Terri Heggen-drums in March of 1989. The name DERKETA was taken as it was evolved from the Conan Series;she was the goddess of death.In September of 1989 too,a two track rehearsal tape was released in order to get the name known and Kim August of ULTIMATUM 'zine was asked to help out and play bass on it.Now this doomish queen had released a four track demo called "The Unholy Ground".The ultra fuckin' rotten distorted voice of Sharon sounds like she has just been dismembering her own throat and kept on choking in hope that her voice could be cork up in our eardrums!!!!!!But what the difference with Terri?!.By hearing it you know she's a good drummer too with the heavy pounding of drums pedals could be heard clearly.....They been really busy now getting some new songs created + practising,they will be on a compilation album with IMMOLATION, INCANTATION, and MORTICIAN.Thats happening very soon and by the end of this year too they will put out their debut 7"....Can't wait to hear that!!!

SLAYER 8 out now! 56 pages of Death Metal...A4 size, offset printed..... BOLT THROWER, DECIDE, HAVISH etc... 45 (35 overseas) SLAYER MAGAZINE P.O. BOX 447, 1701 SARPSBORG NORWAY

**INTENSE WARNING!** WE CANNOT BE RESPONSIBLE FOR CONSEQUENCES OF SLAYER AGAIN!

Anyway check out this my interviewed with Terri. Well actually I'm supposed to featured a good brilliant questions but I have done it with a lot of disgusting awful question... What a heck! They still answered it even they are too modest. Anyway crept this one out O.K. :

E.R.Z.: Well Terri as usual shit, the readers more of the band feedback, the present line-up for now and the members age too ?

TERRI: We've just recorded our demo about 4 months ago and so far all response about it have been great. Everyone is into what we're doing and is supporting us! We've been really lucky. The current line-up is Sharon (19) doing vocals and lead guitars, Terri (20) drummer and somewhat lyricist, Heidi (19) playing rhythm guitar. Right now we have no female bassist but Don Crottsley (NUN SLAUGHTER) is helping us out until we eventually find one.

E.R.Z.: Why was your band called DERKETA, is there any special about that name etc. ?

TERRI: At first, we were going crazy trying to think up an original name. Every name would either be taken already or just been stupid. Finally, Jeff Cherep (DOOMWATCH) thought of DERKETA. DERKETA is a goddess of death in the Conan Series; plus, we think she's connected with stygian mythology. It was original and didn't have any "so called" stereo types. I mean, by hearing the name you can't tell if we're Thrash/Death/Black or basic metal. That helps because even though we consider ourselves DOOM METAL, we can branch out into different styles. We're influenced by so many bands and we would like to be able to do different things without having people say 'You can't play that-you're a satanic band' or whatever. I hope I'm making sense.

E.R.Z.: Do you believe in Satans, why tell us briefly ?

TERRI: Do we believe in Satan? Yes, I do believe there is a Satan but no we don't worship him in any way. I don't want to offend anyone who does, but to me Satanism makes no sense.

E.R.Z.: Will you accepted if Bon Jovi wants you for a night ?

TERRI: No, I wouldn't even give Bon Jovi a chance. He doesn't deserve me. (How about me???-ed.)

E.R.Z.: From where did all of you girls learn to play music instruments ?

TERRI: Sharon has been playing for 5 years but didn't really get serious about it until the band officially formed. I guess it was a cool hobby for her. I started to play drums in March. Jeff (DOOMWATCH) taught me basic things-it was cool cause I didn't know how to play but I had enough co-ordination. I thought it was fun, so kept working on it. I bought a set in August, but didn't get double bass 'till September. Playing double bass was very hard at first. I'm still learning different techniques. It helps to relieve stress-that's for sure! Pound the fuck out of them! Heidi, I'm not sure about when she started to play. I know she plays bass too, but Sharon talked her into rhythm guitar. We're all still learning, I don't think you can ever stop learning. Why we play Deathmetal is simple. We enjoy to! It's powerful and gives us an immense high!

E.R.Z.: Tell the readers how should they really want to fuck a girl ?

TERRI: Don't understand it. (Are you pretending...ha.ha.ha.anyway sorry!!!-ed.)

E.R.Z.: Any opinion on posers, what kinds of posers ?

TERRI: My definition on a poser is one who goes around and fakes what he believes in. Almost like trying to fit in with friends. Posers, as far as glam fags go, better get a grip on reality and understand that make-up, hair spray and tights don't get girls! Well, maybe if they are little girls, they can rot. (Ha.ha. ha.ha. Ha.ha.-ed.)

E.R.Z.: State about 10 of your current faves band ?

TERRI: AUTOPSY, DEATH, ARTILLERY, IMMOBILIZATION, PARADISE LOST, THERION, EXMORTIS, SADUS, UNLEASHED, BENEDICTION + anything brutal!!

E.R.Z.: What will you say if you saw an old lady were headbanging while were listening to your demo songs ?

TERRI: I'd be amazed!!! I think I would die laughing also!

E.R.Z.: Tell the girls how should they really want to kept their breast healthy and.....?

TERRI: N N N 'T ! (????????-ed.)

E.R.Z.: What do you think of my band DEMISOR images, and will you done a gig here soon....?

TERRI: DEMISOR's image? I don't know. Are you a satanic band? (Nope, not that far!-ed.) If so, it doesn't bother me. Being Satanists doesn't stop me from listening to the music. Playing Singapore would be an experience! Sure!! Why not? If there was a guarantee of mega tons of people, being there, I'd play forever.

E.R.Z.: Who mostly writes the musics and lyrics and what do you describe your own music as ?

TERRI: Sharon writes and arranges the music. Later on, I'm sure Heidi will help come up with brutal riffs. I write the lyrics and she come up with different ideas for them etc. But when a song is arranged, Sharon will add or change around the lyrics to fit. I still would describe us as a DOOM METAL band, though.

E.R.Z.: For how long can you stand when a boy/man fuck you ?

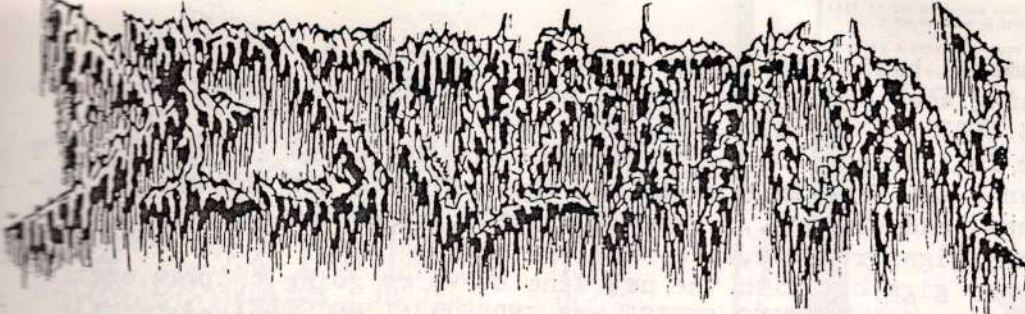

TERRI: I don't stand up; I prefer to lay down! (W O W ! ! !-ed.)

E.R.Z.: Do ya parents know about your bands, what's their reaction ?

TERRI: We practise at Sharon's house so yes, her parents know about the band. My parents totally support me. They are proud we're doing well and are amazed of all the mail we get etc. I know a fact Heidi's mother doesn't know anything. Sharon's parents don't understand but go along with it. At least we keep outa trouble, ya know? (I know that dear!-ed.)

P.S. Ooops! ... this is the end now - sorry ... I lost the part of the last  
24 ... what should I do besides ... the ... issue interviewed... ha ha

This is what I've been expecting for a long time. I simply thought that maybe my letter had been flushed up in their smelly toilet, who knows?! At last I've got back their reply but what a shock too. Do ya ever heard the band called CHIMICA KATALYPA which one of the noise grinding band in Greek, hope so? CHIMICA KATALYPA is now dead but the members of the band are now forming another band which is called DESOLATION. This concept is much more different than before since I could label them as a slow Deathmetal but its still gorish. Anyway just read on my interviewed so for not wasting our fuckin' time; all answer is done by Antony and some others from Vaggelis. Read on :-

E.R.Z.: Tell us Antony the feedback of the band and how did ya got together ?  
 ANTONY: We formed in December '88 with the old name CHIMICA KATALYPA but now we have changed our name to DESOLATION and the sound is different. Now ij the band is: KOSTAS on bass, VAGGELIS drums and also in PYOGENIC ORGASM mag and label, SAKIS from ROTTING CHRIST on guitar and me (Antony) on lead growls. This is until now.  
 E.R.Z.: Why was your former band named CHIMICA KATALYPA, is it something special about it ?  
 ANTONY: Well with the old name I wanted to express how is people today. It was a fucked up name I guess and doesn't fit with our music and lyrics. (Anyway, who cares???-ed.)  
 E.R.Z.: Do you and your guys likes to party alot or simply for a taste of beer ?  
 VAGGELIS: Well parties are occasionally but alcohol is often everyday. ANTONY does not drink or anything else apart he smoke. I drink fuckin much Bacadri and take lots of hash, LSD, pils & other shit, as much as it fucks you up we do it. (Toooo bad!!!-ed.)  
 E.R.Z.: Is there any special in Grindcore songs or music that you choose ?  
 ANTONY: We just listen to this kind of music mostly so we decided to play something like thi though I don't think we're just "GRINDCORE", I mostly like pure NOISECORE. (Me too!-ed.)  
 E.R.Z.: What sort of musics do you like to listen, does BROS, INXS etc interests you ?  
 VAGGELIS: I'm into everything Grindcore, Deathmetal, Hc, stoned music and the most psychic sounds. CURE's pornography LP is the best. I don't know about the bands you mention.....  
 ANTONY: I also listen to every sound existing. As far as it makes me funny and like it, doesn't matter what it is.  
 E.R.Z.: What'll you do if Samantha Fox wants your dick for sucking ?  
 VAGGELIS: I personally dying to met Samantha Fox and have some really violent sex with her. Anything pussy licking, penis sucking, 69, anal everything..... About the point I had to stay without touching her, but once more i'd do it. (I grapped it tightly!-ed.)  
 ANTONY: Ahhh, we're so fuckin' unlucky to have such a godly chance to have penis sucking with her. But it shall be real stoned orgy if one day happens.. Also some dickslaps. (Dickbanging-ed)  
 E.R.Z.: What is your reaction if ya bones been hacked, ya flesh is been teared and ya penis is been slices into pieces ?  
 ANTONY: I wouldn't exist..... I'd be a gay.... HEHEHEHEHE.  
 E.R.Z.: Do ya believes in Christianity and how about satan, does it helps ya ?  
 VAGGELIS: Well I don't believe in the todays Christianity or satanism or any crap such as. Wh you don't rate n believe in yourself. Is the only one which can help you. Satanism suxx and mo of the bands writē for it are just narrowminded school guys.  
 E.R.Z.: State about 10 of your bands faves ?

ANTONY: A GATHOCLES, E.N.T., FILTHY CHRISTIANS, FEAR OF SATAN, ZAAG, ROTTING CHRIST, TORMEN NUCTEMERON(sing) and BOY GEORGE. Hehehehe.....  
 VAGGELIS: PARADISE LOST, SEMPITERNAL DEATHREIGN, ASPHYX, XYSMA, THERION, DISHARMONIC ORCHESTRA, DISTROUS MURMUR, NECROSCHIZMA, V.N.A., & ENTOMBED.  
 E.R.Z.: What your opinion about my zine name ?  
 ANTONY: I think is fuckin' great name... one of the best. I hope the contents will be great too.  
 VAGGELIS: I think it suxx.... hehehe just kidding I think it is just cool....

Finally, we came across of my brutal lad friend GREG BIEHL ex. NUN SLAUGHTER. Yes a bad news that ya receive. N.S. is no longer exists anymore coz they couldn't have much time to put into the band, so they decided to just split-up but anyway Greg has put aside of his own band called 'CONVULSE', together with other members, his gonna make a more quality songs and good production demotape. Before he had n.s. they had released two demo "Ritual of Darkness" and the new '89 demo "The Rotting Christ" but with bad sounding quality and thats they receive a lot of criticize. Anyway believe me folks, Greg has helped me quite a lot and I owed him too. He is really a sick grind maniac, so this may be the lust; I interviewed him quite some time ago: Read on,

E.R.Z.: You said that n.s. is split-up, could you tell us why and have ya found any guys back ?

GREG : Basically we split up cause we didn't have as much time to put into the band as we wanted so we decided to stop but now me and the bassist for n.s. along with some friends are gonna get a new side band together called 'Convulse' which will be much better than n.s.

E.R.Z.: How's the response been to both of your demotape ?

GREG: The response has been fairly good for both demos but not many people like the new demo due to the horrible sound quality... the poor sound does hold the demo back a lot.

E.R.Z.: Who writes the lyrics and the songs most of all ?

GREG: Don wrote mainly everything for the new demo but our old guitarists Jere wrote some stuff for it though.

E.R.Z.: What will you do if Madonna was opening her breast in front of ya ?

GREG: Ignore her and make her feel stupid!!!!!!!

E.R.Z.: What will you say if IRON MAIDEN wanted you to join them as their lead vocals ?

GREG: I wouldn't cause I can't sing in the style that's suited for them. They are a great band now and I would only ruin they're sound.

E.R.Z.: Do ya drunk a lot ?

GREG: I hate the taste of beer so I don't drink that but I drink lots of mountain dew... it's the drink of the gods!!!!!! (Is it true??? -ed.)

E.R.Z.: Do ya like party and disco, why ?

GREG: The only way I party is to stay in my room and play demos, records etc... all night. Who needs drugs, beer and all that other trash to have a good time when you got Death Metal?????????

E.R.Z.: How long have ya take for recording each demotape and how much have ya spend on it ?

GREG: It took about 2 days to record our '87 demo and costed us nothing cause a friend of ours recorded it for us and our '89 demo took about 2 days to record and costed about \$40.00 to rent the 4 track recorder.

E.R.Z.: How long do you take to remember the lyrics ?

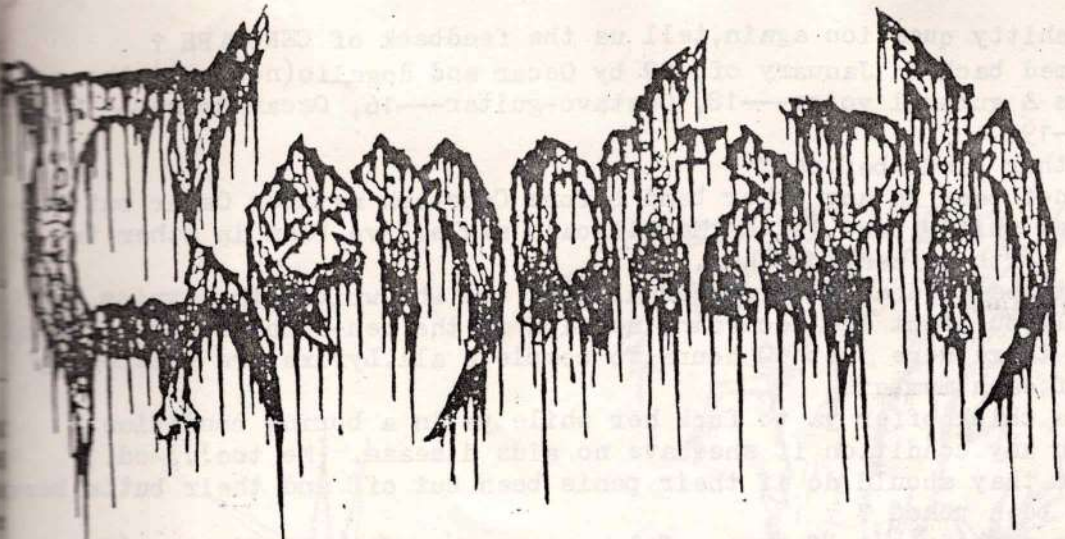

GREG: I don't know exactly but not very long, I still don't know all the lyrics to the new demo

This is the Mexican CENOTAPH that was formed in Jan. 1989 but with the name of DAMNED CROSS by Oscar & Rogelio (ex. Tommentor). In those days the band was made only for fun but when Mario-guitar & Daniel-bass/vox join in the band they take their music seriously. With that line-up they recorded a rehearsal tape in May but was totally a shit one. By learning through in-experiences they went hard on....A while later two guitarists left the band and Omar & Gustavo joined in to make the songs much aggressive and powerful and by that they recorded a demo/reh called "Excretion Of Infected Corpses" but in the vein of DEATH/THRASH metal(5 traxs). Unfortunately Omar has to left the band since he was a fuckin' poser, so Guillermo joined in later; their practicing very hard and changes their style as a DEATH/GORE bands. Now they have released their 1990 demotape entitled "Rise Of Excruciation" which is much more gorier and grinding deathmetal. The lyrics and topics that the band use are deal with death, infection, fear, war, terror, sickness and putrefaction. Soon they will make their T-shirts and stickers which I think is available now. So for now you could only ordered their 1990 demotape which I believe you won't regret boughting it. but stop all that bullshits now and crept out my interviewed with the guitarists Guillermo; A S S H O L E S S S S S . . . . .

E.R.Z.: Well sorry for this shitty question again,tell us the feedback of CENOTAPH ?  
GUILLERMO: The band were formed back in January of '89 by Oscar and Rogelio(now out),the current line-up are: Daniel-bass & gutural voice---18, Gustavo-guitar---16, Oscar-drums---18, and I,that is Guillermo-guitar---19.

E.R.Z.: Has Daniel been in other bands before ?

GUILLERMO: Well Daniel have not been in any other band before Cenotaph neither Oscar but Gustavo was used to play in other shitty band in the Metallica's style.I've been in other two similar shitty bands but not worth to mention them.

E.R.Z.: For how long did it takes to done your rehearsal tape and who writes the lyrics ?

GUILLERMO: Well I cannot tell you about the recording session in the reh-demo because I wasn't there,but to our studio demo there were just 10 hours to complete all.Lyrixs are written by Daniel,and music is a part of each member.

E.R.Z.: What will you do if a chick offer ya to fuck her while ya in a boring condition ?

GUILLERMO: I will fuck her in any condition if she have no aids disease. (Me too!!!-ed.)

E.R.Z.: Tell our readers what they should do if their penis been cut off and their butts been brussell while their eyes is been poked ?

GUILLERMO: I don't wish it to anybody but if your a false,poser or gay then it's ok. (Hihi!ed)

E.R.Z.: Please tell me something about your demo "Rise of Excruciation" ?

GUILLERMO: Well the studio-demo is out since March '90,this is titled "Rise of Excruciation",it's a 4 tracked demo featuring 'Reek From The Grave','Colony Of The Undead','The last Infection' and 'Rise Of Excruciation'.It's not very well produced but listenable(I think) this is available by sending(cash only) \$6.00 US dollars,it have lyrixs,pic and covers in colour and free stickers.Buy it if you can or send mag. or demo for trade.

E.R.Z.: State some of your band influences ?

GUILLERMO: Our main influences have to be: AUTOPSY,CARCASS,GRAVE,IMMOIATION,MORBID ANGEL,SLAYER,NIHILIST/ENTOMBED,CARNAGE,PARADISE LOST,NA PALM DEATH,OBITUARY,DEATH,PUNGENT STENCH,and many others brutal bands.Also each one have their own inspirations to not copying any of the band in the up.

E.R.Z.: Do you guys like satan and do you think he is the god of all ?

GUILLERMO: I think gore/brutal is the god!!! We like no satan because is a poser! Any word about satan sick me(of course in the non-profit side). (FUCK SATAN OR FUCK OFF!!!-ed.)

E.R.Z.: Which bands do ya like and hate most ?

GUILLERMO: Well our faves are in our influences but here are more: THERION,MACRODEX,PHLEGHETON,FUNEBRE,ABHORRENCE,ABHORER,DREAD(Singapore),BENEDICTION,XYSMA,BOLTTHROWER,FLYING FLESH,TERRORIZER,ASPHYX,ACHERON,DR.SHRINKER,DISASTROUS MUR,DISMEMBER,SA DISM,MASTER,REPULSION,MASSACRA,ROTTING CHRIST,CADAVER,EXIT-13,SA CRIFICE(Canada),DARK ANGEL,old CELTIC FROST,KREA TOR,old SODOM,TORMENTOR(mex),MORTUARY(Mex),ANARCHUS,NECRO-VIOLENCE,and jfnxmdkcnfhape,cldnfmvjgo,lfjdhcbfgn. (?????-ed.) We hate no any band,oh yes the posers and falses and some shitty H.C. bands.

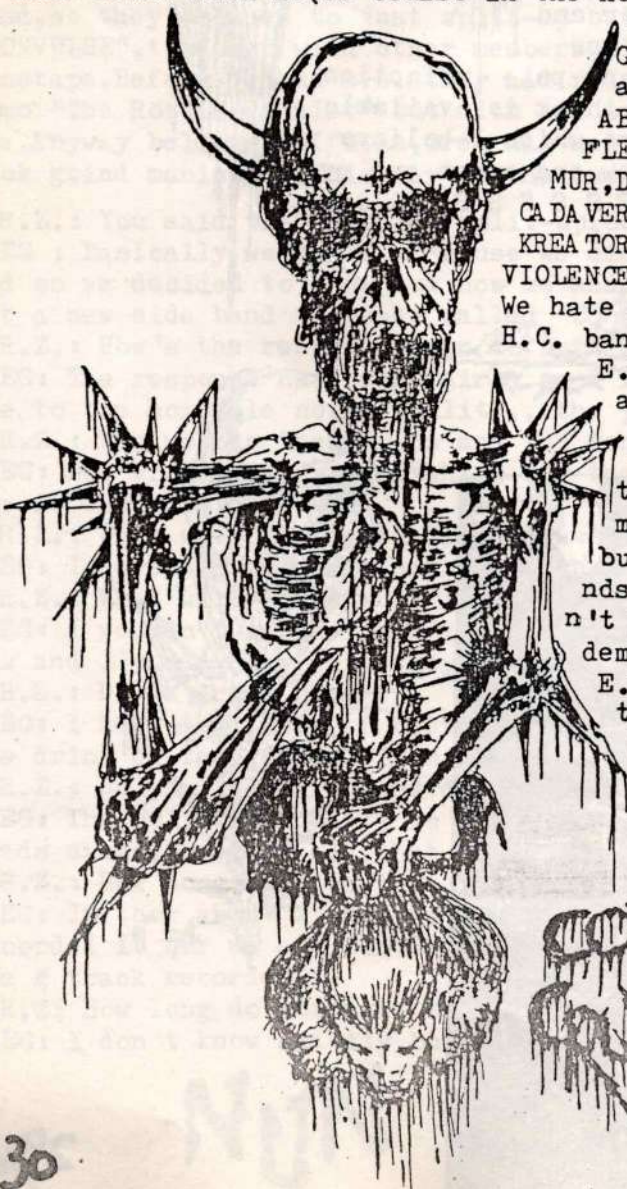

E.R.Z.: Why do you use the name DAMNED CROSS in early day and does it represents anything definitely ?

GUILLERMO: Why we changed the name DAMNED CROSS because these were so boring to us,their means was outdated(we think)and it's stupid.Now with Cenotaph it means a monument in memoriam of a difunt but the cadaver is not there buried(Hope you understand me)also we think this name sounds as brutal,gorely,deadly and grinding like our style,doesn't you think so? (Yezz...of course after I listens to your demo songs and read your lyrics....TOTAL KILLER!!!!-ed.)

E.R.Z.: Are you all still schooling,if not why do you not go to school ?

GUILLERMO: Unfortunately yes,we are still schooling,that's because you know is necessary to survive with a career.Of course we hate to go but.....

WILLIAM  
ROBERT  
HARRISON

HOLY SHIT!

GODZ...GODZ...GODZ.....Here comes the most excellent Singapore Death Metal bands that has been exists since December '88. Now his dudes is back again with the release of their first demotape "Rumpus Of The Undead" in a 4 trax studio. GGggrrrrrr!!!!!! I never heard before like this kind of Deathmetal in Singapore, its fuckin' marvellous and good guitar riffing. It starts with a scary intro with the messy noise everywhere and the drizzling of the bell; I doesn't know how this chaps done it but they done a good job to make their songs looks original! They would have recorded their first demo in early October '89 but was delayed due to some personal problems, however on the fourth week of December '89 they were entering the studio for the recording of this brutal stuff!!! Their lyrics were mainly about satanic cult and ritual, gorish death, perversion and sadism-that's is their feelings. CRUCIFER (vox) would surely rip out all of your oesophagus and swallows your cum because you surely been trighten by his voice!! Check out my interviewed with EXORCIST (guitar), chattering about everything; its goes fucking sick- ABHORER :

I.R.Z.: Well Exorcist, tell us how was the band formed, what are the current line-up and the members age too ?

EXORCIST: We were formed back in Dec '88. There were alot of line-up changes in ABHORER. Band members just come and go. They did not fit to our band. Maybe they are scared with our appearance and the music we played. FUCK!! all this fuckin' posers... They should play in a 'Rock Malaya' band... That's where they belong. AArrgghh!!!!!! Our current line-up are CRUCIFER-vox, TOMBCRUSHER-Drums, CORPSE GRINDER-bass, and me EXORCIST-guitars. We're all 21+ years old.. growing older each day. (Growing older like Ronald?-ed.)

I.R.Z.: Have you done any official rehearsal before your demo is done and for how much did you spend on your demo, and where were its done ?

EXORCIST: For your info, we didn't do any rehearsal before our demo. It's difficult to get good soundings rehearsal place here in Singapore.... They all sucks!!!!!! Well we spent about US\$250 recording the "Rumpus...." demo. We're in the studio for about 6 hours or so and it was recorded at a studio in the Tampines area.

I.R.Z.: Does you think your images and your songs frightens peoples ?

**MEAT SHITS:** WAS EXCRETED ON SEPTEMBER 15, 1989 AT ABOUT 2:30 A.M. WHEN ROBERT (A.K.A. SATON LUCY-FUR, PIT BULL, FUCK HEAD, BLOOD SPONGE, PUTRID SCUM AND SEPTIC VOMIT) WAS IN THE MIDDLE OF SUFFERING FROM THE USUAL INSOMNIA. THE SUFFERING WAS SO INTENSE AT ONE POINT THAT HE DECIDED TO FORM A JOKE NOISECORE BAND TO RELEASE HIS AGGRESSIONS. MOMENTS LATER HE CAME UP WITH THE NAME MEAT SHITS, HE CAME UP WITH THE IDEA FOR THE NAME FROM AN ARTICLE HE READ ON NON-BIODEGRADABLE HUMAN ANIMAL EXCREMENT WHICH IS POLLUTING OUR PLANET AT AN ALARMING RATE! HE THOUGHT THE WHOLE CONCEPT WAS HILARIOUS SO THE NEXT DAY HE CALLED UP HIS FRIEND TOM (A.K.A. STOOL SAMPLE, DRUNK FUCK, SHIT FACE, TURD GUTTER AND FART BOX) AND DISCUSSED THE BAND CONCEPT WITH HIM. SO LATER ON THAT EVENING WITH ROBERT ON VOCALS, TOM ON GUITARS AND A DRUM MACHINE. THE MEAT SHITS RECORDED THEIR FIRST DEMO TITLED "MEET THE SHITS" AT DEAD GRANNY STUDIOS IN MODESTO, CA., WITH 781 SONGS ON IT! IT QUICKLY BECAME AN UNDERGROUND CULT CLASSIC, BECAUSE OF THE EXTREMELY SHORT SONGS THE OFFENSIVE NAME AND THE PERVERTED COVER ART. BUT BEFORE THIS CLASSIC MADE IT'S WAY THROUGH THE UNDERGROUND TAPE TRADERS, THE MEAT SHITS ON OCTOBER 9, 1989 WITH THE SAME LINE UP OF ROBERT, TOM AND THE DRUM MACHINE RECORDED THEIR SECOND DEMO TITLED "MENSTRUAL SAMPLES" ALSO AT DEAD GRANNY STUDIOS, THIS TIME WITH ONLY 155 SONGS! WELL AS TIME WENT BY THE MEAT SHITS GOT THEIR NAME MORE KNOWN WITHIN THE REALMS OF THE UNDERGROUND, AND BOTH TAPES GOT REVIEWED IN VARIOUS UNDERGROUND FANZINES AND MAGAZINES INCLUDING MAXIMUM ROCK AND ROLL. SO BY THIS TIME BOTH ROBERT AND TOM DECIDED THAT SINCE THE MEAT SHITS WAS GETTING A LOT OF ATTENTION THAT IT SHOULD BE TAKEN MORE SERIOUSLY AND NOT AS A COMPLETE JOKE. SO IN EARLY JANUARY OF 1990 ROBERT ASKED RON (A.K.A. SMEGMA STENCH, FLEM, GASH FIEND AND SPHINCTER BOIL) WHO ALSO PLAYED DRUMS IN A LOCAL THRASH BAND CALLED THE MISLED, AND COLETTE (A.K.A. SCRUFF MUFF, TITS, DOUCHE MOLD AND GUNT SLIME) TO JOIN AND ON JANUARY 11, 1990, WITH THIS LINE UP RECORDED THE "BOWEL-ROT" DEMO. WHICH ALSO IN NO TIME BECAME A NOISECORE FAVORITE, GETTING RAVE REVIEWS IN VARIOUS FANZINES AND GETTING AIRPLAY ON NUMEROUS COLLEGE RADIO STATIONS FROM SUCH AREAS AS SOUTHERN, CA., OHIO, CANADA, FLORIDA AND SOUTH CAROLINA. ONLY NINE DAYS AFTER RECORDING THE "BOWEL-ROT" DEMO ON JANUARY 20, 1990 THE MEAT SHITS PLAYED THEIR FIRST GIG, AT COLETTE'S FRIEND MELODY'S HOUSE (WITH THE MISLED). THE TWO BANDS PLAYED TO A WHOPPING CROWD OF NEARLY 275 PEOPLE, WITH ABOUT A HUNDRED PEOPLE PACKED INTO THE GARAGE WHERE BOTH BANDS WERE PLAYING. MOST OF THE PEOPLE THERE WAS DRUNK BUT NEVER THE LESS THEY SEEMED TO ENJOY THE MEAT SHITS! THEN LESS THAN TWO WEEKS AFTER THE PARTY GIG THE MEAT SHITS PLAYED THEIR FIRST REAL GIG WITH MISLED, SLAMBODIANS, FUNGO MUNGO AND PRIMUS. OVER 450 PEOPLE SHOWED UP FOR THIS EVENT AND WHEN THE MEAT SHITS PLAYED THE CROWD WAS REALLY SHOCKED. CONSIDERING MODESTO HAD NEVER REALLY BEEN EXPOSED TO NOISE BEFORE, BUT A LOT OF PEOPLE REALLY SEEMED TO LIKE THEM DESPITE THE FACT THAT THE OWNER OF THE CLUB (DAZZLE'S UNDERGROUND) PULLED THE PLUG ON THE MEAT SHITS AFTER ONLY TWELVE MINUTES. BUT THIS COULD HAVE ALSO BEEN BECAUSE OF THE FEMALE BARTENDER HAVING A HEART ATTACK WHILE THEY WERE PLAYING AND THE MEAT SHITS BLOWING OUT THE P.A., IT WAS A FREAKY FRIDAY IN FEBRUARY. SO AFTER ABOUT A MONTH AND A HALF ON MARCH 18, 1990 THE MEAT SHITS ONCE AGAIN RE-ENTERED THE STUDIO AND RECORDED THE "REGURGITATED SEMEN" DEMO WITH A MERE 1691 SONGS ON IT! THE TAPE HAS ALREADY BEEN CALLED THE WORST GARBAGE TO EVER SURFACE FROM THE NOISECORE SCENE, BUT THE UNDERGROUND LOVED IT JUST AS MUCH AS PAST MEAT SHITS EFFORTS. IT WAS A STEP BACK MUSICALLY FOR THE MEAT SHITS AND THAT IS EXACTLY WHAT THEY WANTED. AND ON APRIL 13, 1990 THEY PLAYED THEIR BEST GIG EVER OPENING FOR CAPITOL PUNISHMENT, CAUSE AND EFFECT AND HANDY WITH SHOVELS AT THE CHATEAU DE VILLE IN MODESTO TO ABOUT 250 PEOPLE. BY THIS TIME THE BUZZ ABOUT THE MEAT SHITS WAS ALL OVER TOWN AND PEOPLE INTO THE UNDERGROUND SCENE IN THE AREA WERE INTERESTED TO CHECK THEM OUT. THE CROWD RESPONSE OVERALL WAS GREAT A LOT OF PEOPLE SEEMED TO REALLY GET OFF ON THEM (IN SOME WAYS THAN ONE). SO AS TIME WENT ON THE MEAT SHITS NAME GOT MORE AND MORE KNOWN AND IN MID MAY WERE OFFERED A RECORD DEAL WITH THE NEWLY FORMED SERAPHIC DEGAY RECORDS BASED IN CLEVELAND, OHIO (WHICH SHOULD BE OUT BY THE TIME YOU READ THIS)! AT THIS TIME THE MEAT SHITS HAVE NO GIGS PLANNED (EXCEPT FOR A COUPLE PARTIES) AS THEY ARE ACTUALLY STARTING TO PRACTICE TO GET A MORE REFINED SOUND MUCH IN THE LEAGUE OF CARCASS, XYSTMA, DEICIDE, NAPALM DEATH ETC. AND BELIEVE IT OR NOT THERE WILL ACTUALLY BE LYRICS FOR THEIR NEW SONGS, BECAUSE THE MEAT SHITS FEELS THEY MUST PROGRESS IN ONE FORM OR THE OTHER. THERE WILL STILL BE AN ARRAY OF SHORT SONGS THAT HAVE MADE THEM SO FAMOUS (?), THEY ARE NOT WIMPING OUT JUST GROWING! FUTURE PLANS FOR THE MEAT SHITS ARE AS FOLLOWS TO RELEASE THEIR OWN E.P., GOING ON A SHORT MINI-TOUR AND HOPEFULLY PUTTING OUT A FULL LENGTH ALBUM. EVEN THOUGH THE MUSIC IS BASIC THE MEAT SHITS ARE SERIOUS ABOUT WHAT THEY DO, AND WILL DO IT UNTIL THE DAY THEY DIE!! THEY SUCK AND THEY ARE PROUD OF IT, OFFENDING PEOPLE IS WHAT THEY DO AND THEY DO IT WELL, THAT'S IT FUCK OFF!!!!!!!!!!!!!!

# MEAT SHITS

WHAT IS THE MEAT SHITS? THE MEAT SHITS IS THE MOST PUTRID, VILE, DISEASE MINDED, VERMINOUS, DISGUSTING PIECE OF SHIT BAND ON THE FACE OF THE PLANET! THEIR MUSIC(?) SOUNDS SIMILAR TO A DIESEL TRUCK GOING A HUNDRED MILES AN HOUR SMASHING INTO A BRICK WALL AND EXPLODING WHICH IS ALSO THE BEST WAY TO DESCRIBE THEM AS WELL. THE BAND(?) WAS FORMED AS A JOKE TO MAKE FUN OF SUCH BANDS AS SORE THROAT, ANAL CUNT, SEVEN MINUTES OF NAUSEA, STENCH OF CORPSE ETC. BUT AS TIME WENT BY IT SOON BECAME AN OBSESSION AND VERY OBVIOUS WHY SUCH BANDS EXIST BECAUSE THEY RULE! LIKE ANAL CUNT THE MEAT SHITS CHOOSE NOT TO HAVE LYRICS AND MAKE UP ALL THE MUSIC AS THEY GO ALONG, BUT THEY CHOOSE TO GIVE THEIR NOISE SONGTITLES TO MAKE IT MORE FUN AND CREATIVE. WITH SUCH SONG TITLES AS "STENCH OF ROTTING PISS FLAPS", "BEN-WA BALLS THE SIZE OF MY FIST", "IF YOU LOVE ME(THEN SWALLOW MY CUM)" AND "TWISTED MASS OF DISMEMBERED CARNAGE" GIVES YOU A GOOD IDEA OF WHERE THE MINDS OF THE MEAT SHITS ARE LOCATED(IN THE TOILET). ANYWAYS THE MEAT SHITS ARE FUCKING SICK AND NEED TO BE HEARD AND SEEN LIVE TO BE BELIEVED! SO IF YOU EVER GET A CHANCE, DO NOT MISS A LIVE PERFORMANCE BY THESE ASSHOLES AND REMEMBER TO BRING YOUR EAR PLUGS, BARF BAGS AND PLENTY OF TOILET PAPER! LOVE THE MEAT SHITS OR HATE THEM, YOU DECIDE!!!!

## MERCILESS NOISE .....

## NO LIMITS FOR NOISE..

MERCILESS NOISE:- The band with a 10.000 song demo tape.....Pure fuckin' noise from this three chaps;a great noisecore band from Holland.This three chaps are really a nice guy!!!!!!Read on my interviews with them.Let's go:-

c/o WOUTER VAN MIERT  
KARVEEL 49  
1625 ER HOORN (N.H.)  
HOLLAND.

1. Sorry for the shitty questions, tell our readers the feedback of the band and the bandmembers age too?  
T: Well, we started somewhere back in '88 because we were all obsessed by noise. So we decided to form a band to play noise...and that's the whole story so far as the music concerns;we too wanted to combine noise with lyrics;lyrics are very important for us,you know. My age is 19,the others are about 20.

U: The shitty questions are forgiven. The feedback of the band...one day we were listening to the wonderful demo of the Australian sensation:"7 minutes of nausea"(gods!!). While we were listening to this piece of noise, we immediately decide to break the world record. So this is why the Merciless Noise-thing started.

2. Why is the band called Merciless Noise, what does it really means and does it represent something?

U: The bandname means:noise that is merciless, that should be clear!  
W: When we let hear our music to some friends at a meeting in Tjure and Ulme's house, some people react as "do you want us to leave". Hell, no, it is for entertainment and to help the 2nd revival of dadaistic poetry, and bringing a message to the people. Luckily we explained it to them and they all called our music merciless, that's why.  
T: Merciless Noise represents (or should represent) our music...

3. How's the response to your demo and who writes mostly the lyrics and the songs for it?

T: On the whole, responses are pretty good;we didn't expect that someone would actually like our music. I already told the lyrics are very important to us;another reason is:we printed the 1000 titles so that everybody,could see that we are not cheating,we do really have 1000 songs.

U: Well, the responses are very positive till now! We receive many letters from people all over the world,.the amount of mail is really unbelievable! But all of you will get an answer in the near future! We will reply every one we get...that's a golden rule of Merciless Noise. We all write lyrics for the songs, sometimes our friends and comrades help and that's great. Everyone out there who have some wellwritten lyrics, please get in touch, we appreciate that!

4. Have your band played any gigs before, and what really is the bands future plan, tell us briefly?

U: Yezzz, we've done some fine gigs till now, they went well! Only some people who don't know how to react... it's funny to watch the audience when we play live. The future of the band is uncertain, we'll see what comes, we take everything as it comes. No overreacted rushing, at the moment we are busy with the recordings of a 10,000 song demotape, who will probably be called "No limits at all". We'll see how things develop.

W: Playing gigs is great and we hope to do more in the future. Watch out for a new demo which should be out while reading this...

T: We've done some gigs, had much fun, everything we earned we gave away to Greenpeace, we're not in it for the money. Future plans: maybe some more gigs, time will tell...

5. What are your main band influences and state about 10 of your faves?

U: As I said before, 7 minutes of nausea was one of our main influences. Another big one was Crawl Noise (swiss noise gods!). And the sound of an electronic razor ofcourse.

T: I'm not influenced by bands, but more by noisy sounds of my surroundings, like electric chainsaws, etc. I would rather not mention my fave bands... I like every band with good lyrics...

W: I was influenced by various synthstench bands from Laos, especially Friguet LIMbi, X.X.E., Loubered Forky and Luvertal Luvertallue (gods).

6. Do you guys party a lot and state your favourite party?

T: We've much fun, but we don't drink beer or smoke or do drugs. In fact, some of us are S.E. We usually discuss a lot of things, and that can be very funny too...

U: We party yezzz, but on our own way, not the cliché-beer-girl-glutter party. We don't like that, it's NOT our style! Now and then we invite a few friends just to jam and discuss about some issues. And that can be very fun also! It depends on what kind of person you are.

7. How many times did you brush your teeth in a day and did you find it really suisance after waking up from a long dream?

W: Those people who don't brush there teeth at least 3 times a day are all losers... what's up to you people... wanna smell like a rotting apple mixed with excreted eggs????

T: I brush my teeth 3 times a day (very original question); I never dream so I'm not capable of answering your question...

U: Sure, I like vegetarian hamburgers!!!

8. Do you guys like to lick Samantha Fox's breasts if she is kindly so?

T: Hm, I think this is a very stupid question... I don't like Sam Fox, she's selling herself, and has no sense of honour. Women are human beings too, have feelings too (is this new for you) and want to be treated like human beings, not judged by the size of their breasts... show some more respect to women.

W: My god, what's this? First of all, I always thought people who like whores like Samantha Fox named that 'tits' instead of breasts. Let me say this, a lot of people call me old-fashionable when I say sexuality has to do with real love. I don't want sex with anyone who I don't really love. It doesn't matter if it's a girl I only know from work or Sam Fox. I wonder who's fashionable. Is not following a trend always old-fashionable?

U: What kind of question is this? Lick someones breasts? How childish, pathetic kind of humor! No, ofcourse I wouldn't!! I despise capitalistic bitches!

9. Will you went on strike if metal is disbanded?

U: I'll protest if any kind of music is forbidden. It's doesn't matter to me if it is metal, noise, punk or acid-house.

W: Metal will never be banned, how do I have to go to my work if there's no metal for making a bike? Can try wood ofcourse, but a wooden chain in my bike makes it hard to ride. And what about my radio if metal is forbidden? My radio is made out of metal ofcourse. Conclusion: why not?

GGRRRAARRRGHHHWUUEEKKK!!!!!!Everybody hide yourself quick.This gods of GRINDS has just been apotheosis and was such a fuckin' appal on their appearance.They just simply loitering around here and there finding theirs victims.You may be one of them that gonna be rip out your own alveolar,have your guts been ate up,firty crush your mucopurul organs,hacked your bones to pieces and puked all of your pustule continua This probably the first thing you see when you read an IMPETIGO-article,but believes me this sick guys play totally different and it turns out so fucking great!!!!!!!!!!!!!! I been truly affeclition when my mucus suddenly turns stale after hearing their songs in the promo. tape that they sent me.By the way I felt that my teeth is about to crack recently and becomes pales and falls sick.This guys plays really SICK-DEATH-FUSSY-BRUTA GENITALS-NOISE-ANAEMIC-GRINDCORE-ANAL-GHASTLY-.....Ooopsttt,what is this am I writing s fucking long?Let's shorten it,well basically they played really of more grinding thrash intense and some parts of a hardcore style but less.Besides that they have quite a lots of locals shows that they played there,its all to satisfy the sick needs of his fans... The voice of Stevo is truly gonna influx your brains and makes ya suffers from hydrophobia sicknesses.....with the fast speed drums from Danny and the rotten distorted guitars from Mark & Scott-it nice to be like this kind of sick idiosyncrasy bands in this rotten earth!! So before I been dead some interviewed done with Mark,it goes really sick and sick fuckin' humor. So com clmsy,check this one out for yourself: G I A L L O.....

E.R.Z.: Well Mark as usual shit,tell us the band feedback,present line-up and the members age too as  
 MARK: The band was formed in July of 1987 by me and Stevo.We soon got Danny on drums and added our live demo and we did some shows and then in February of 1989,we added Scotty on guitar so we could have two guitarists to make us heavier and sicker than ever We then recorded our Giallo studio demo and that gained us alot of new fans and then a little while later we got the deal for our debut LP from Wild Rags records.So the line-up is Stevo-bass & vox.,Danny-drums,me (Mark) on guitar and Scotty on guitar.Stevo is 23,Scotty and I are 22 and I think Danny is 19 or 20.So we are old men and we all live on our own and not with our parents! The feedback has been really positive on our Giallo demo,it was good on our live demo but we were much weaker and more hardcore back then.Even the Giallo demo is really outdated to as far as how we sound now,we are sicker and heavier than ever now.The LP is our best work yet.

E.R.Z.: What inspired you to play grinding deathcore that your band produced ?

MARK: Cause we love it, we were all fans of the music before we were a band. It's the only style of music that is this intense, you get a high from playing such brutal music. It also goes along with our hobby of watching gore/horror movies. I'm only interested in playing sick brutal music and nothing else. I guess what first inspired me was 3 years ago and first hearing Napalm Death.

E.R.Z.: Who writes the music most of all and what your lyrics about ?

MARK: Stevo basically writes all of the music and lyrics. I've wrote and odd riff here and there but he writes almost all of the material, what can I say the guy is a genius without a soul. He can do it all, write killer music, lyrics and he does all of our sick artwork too. What a guy. Most all of our lyrics deal with senseless violence, gore, horror, death, sick sex, monsters, mutilation, grisly dismemberment and wierd evil shit. We don't write about politics at all cause that's not what this band is meant to be. Most of the lyrics are based on the real underground horror and gore flicks. Our lyrics are not a generic as the description I gave may seem either.

E.R.Z.: Have ya ever raped a goat and molested a nun before ?

MARK: Nope, but I've molested a goat and raped a nun before. It was great fun, well I'm really not into that shit. I'm just into the normal usual shit like necrophilia, exposing myself to kids, cannibalism, human butchery, necro-bestiality, golden showers, self mutilation, kidnapping, sodomy and usual everyday past times so I guess I'm just like everyone else!

E.R.Z.: After masturbating, what do you do with the sperm ?

MARK: I use it as a salt substitute for foods, it's nice and salty and gooey and it compliments food really well. I like to jack off with sand paper and watch it shred the flesh on my dick and then in a few days it reeks with green pus and infection. It's the only way for me!!!

E.R.Z.: What will you do if you saw 'Madonna' showing her breast in front of you ?

MARK: I'd probably grab that titty in a second and suck on the nipple until it go really hard! That is if she didn't mind, but it wouldn't end there either. I'd lick her fuzzy muffin until she quivered in orgasm too. Sex is the greatest thing in the world. I worship women. Most of them are alot smarter than men, I know!

E.R.Z.: How often did you headbanging ?

MARK: I've been going to headbangers anonymous so I'm down to about once a month now. (Hey, try doing dickbanging, its killz!!-ed.) I was really bad before but it was moving my brain about in my skull and one day bits of brain tissue and blood came out of my ears and after I ate them and shared them with Stevo, I decided I'd better get some help!

E.R.Z.: What will you say if you saw an old man were headbanging while were listening to your demo songs ?

MARK: I guess it would be a great compliment for an old dude to be getting into it. It would be really cool. I think it could happen because we play tons of shows at the old folk home, they have big slam pits with their canes and walkers. Some of the old people are so fuckin brutal you wouldn't believe it until you see it. They do dives and all kinds of shit. They beat the fuck out of a gang of Nazi skins! (Guds, are they suffering something-ed.)

E.R.Z.: What is something you see positive between Grindcore and Fastcore ?

MARK: It brings friendship. There are not alot of people into this style of music (They sucks!!-ed.) and those that are stick together and that's important. I think one of the best things about the underground scene is that it helps you meet new friends from all over the world. Friendship is a great things I think. (Yes, I bet you're right Mark!-ed.)

E.R.Z.: Do you suffer from any mental illness or sick brain maybe ?

MARK: I often wonder that while I am killing people and dismembering their bodies and stripping their flesh as I prepare them for a stew that I make with body parts and potato and vegetables, After I eat this chunky hearty meal of flesh and veggies I decide that I'm don suffer from a mental illness at all, does that make sense? (Yes, its makes sense but why?????ed)

E.R.Z.: Do you interested in nuclear stuff, politics and fascists ?

MARK: Nope, No, not a bit a far as a music/lyrical standpoint goes. I do watch the news and I think I am quite aware of what's going on but I will never make it a part of my musical interest. It's important to know what's going on but if you want but if you don't, I really don't care. Do what you want I say. (...but I gave a fuck to that shit!-ed.)

E.R.Z.: Could you tell us why you choose the name IMPETIGO ?

MARK: Stevo the genius came up with the name, it's an infectious skin disease that causes your skin to fester up and get brownish red oozing crusty sores on it and it's very contagious and spreads rapidly if not treated and it can cover your body and rot your skin. We thought it was a cool disease and make an original name for a band, so we went with it.

E.R.Z.: What are IMPETIGO future plans ?

MARK: Well we are just waiting for our LP to come out and trying to get some coo shows set up, we were suppose to play tonight but it got cancelled by the wimpfuck promoter what is a grinder to do. (I suggest you whacked that guy out!!-ed.) We are also writing new songs for whatever our next release will be. The future sorta depends on how well our LP will do and maybe we will tour or something. (Where, to Singapore?-ed.)

The Swedish bastards is back again with their new demotape entitled "Beyond Redemption" after the released of their rehearsal tape. This 4 tracks demo surely boils your brain by the way its sounds, really chaotic. Its surely tells you that they are one of the Swedish DeathGrinders. I'm very impressed by the way their vocals Martin sings; really a pure rotten choked voice he got + the heavy fast pounding from the drummer Jasse. All sorts of a noise tunes is been well re-worked by the both guitarists.

This is really a brutal stuff not to be miss!! Let me tell ya much info about this bastards band feedback: In '87 Fredrik, Martin and Jesper played in a MOTORHEAD influenced band called REPTILE... they kicked out some bastards and replaced them with some complete assholes and then

AFFLICTION was formed but later then they changed the name to AFFLICTED CONVULSION and they decided to play more aggressive and much faster but in the summer '89 Mats and Micke left the band and they are replaced by Jasse (drums) and Jocke (guitars) and by now their permanent line-up are: Martin-vocals, Jesper-guitars, Jocke-guitars and Fredrik-bass and Jasse-drums. After the successful of their demotape now this bastards got a deal with THRASH RECORDS in France and probably their EP will be recorded in the end of this summer... Let me tell ya something, well I got their videotape from Jesper; it was fuckin' marvelous, lots of sick banging, diving, slamming etc. could be seen, really a great one!!! That bloody gigs was held somewhere around around Stockholm; this chaps knows how to killz their fans heart!!!! Anyway check out this my interviewed with Jesper:

E.R.Z.: Tell me something about AFFLICTED CONVULSION dark history?  
 JESPER: Here are the members: Jesper-guitars 17 years old, Jocke-guitars 16 years old, Jasse-drums 17 years old, Fredrik-bass 16 years old, Martin-vocals 18 years old. The original members are Jesper, Fredrik and Martin. Jocke and Jasse joined us in the autumn of 1989.

E.R.Z.: How's the response to your rehearsal tapes been so far?  
 JESPER: The response has been quite good. People like the songs but of course there are many of them not so pleased with the sound quality. However, it was good for us to release the rehearsal tape, we could show zines etc. our new direction. We don't mind about the rehearsal tape now. We don't sell it anymore because our demo is out now.

E.R.Z.: Whom do you like to play (gigs) with?  
 JESPER: I don't know actually. Many bands. It was very great to play with UNLEASHED, MERCILESS, and CREMATORY.

E.R.Z.: What are your main influences?  
 JESPER: I don't know who our influences are but I listen to bands like VOIVOD, TERRORIZER, DOOM, MAYHEM, PUNGENT STENCH, PARADISE LOST, CARCASS, old BLACK SABBATH, MACABRE plus thousands of more bands on both vinyl and tape.

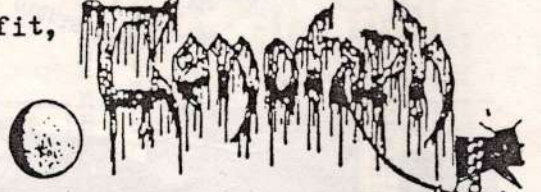

E.R.Z.: Please tell us some of the bands you hate, why?  
 JESPER: I will not mention any bands, but I hate some deathmetal bands here in Sweden because their members behaves like big rockstars. I hate bands that rip people off and bands that don't answer their mail etc. Other bands and artists I hate are pop bands that play playback at their concerts and in television. I hate bands that play just because of money and profit, they can fuck off. (Fuck their mother backside!!!!-ed.)

E.R.Z.: Do ya ever felt the lust to fuck a girl before?  
 JESPER: No, because I'm a gay... No just kidding.

R.Z.: What do you think of today's Deathmetal scene and does any of the fucking thrashing bands interests you ?  
SPER: I think that today's death scene is great even though I think that many people in the scene are too narrow-minded. About the thrash bands it's hard to say. Bands like TESTAMENT, EXODUS, DEATH ANGEL etc. makes me puke rotten lizards, but bands like SADUS, VOIVOD and SEPULTURA are O.K. VOIVOD are the ultimate godz!!!  
R.Z.: From where did Martin got such of abysic grinding rotten voice from ?  
SPER: I think that Martin got his voice from a dying dromedary. He is just eating junk food like hamburgers and kebab etc. (Its taste delicious huh???-ed.)  
R.Z.: Your demo recordings is really quality, for how much did you spend on it and how's the profit ?  
SPER: The profit is 100.000\$. No there is no profit at all. I don't know how much we spend on it. We are going to record our next demo (or maybe an EP) in a better studio. I don't say that the studio that we recorded "Beyond Redemption" in are bad though.  
R.Z.: Tell our readers how should they set their penis into the girls pussy ?  
SPER: I think that this question is too rude for me (Is it???-ed.) but they can try with a dining fork and a hammer. (Too bad, the pussy would surely torn off!!!\*ed.)  
R.Z.: Who found the name AFFLICTED CONVULSION ?  
SPER: I did. We wanted an original name. We don't want to hear that there is another band with the same name. (What if there is, you surely must raped them aren't you ?-ed.)  
R.Z.: Who writes the music and lyrics and are you into satanism ?  
SPER: The bastards in the band writes the music and we put our riffs together in our rehearsal room. Jasse and Martin writes the lyrics. I think that we have a good lyrics. They are about cruelty to animals, religion and moneystinking bastards. We have a quite funny lyrics too. "Pleansing Scourge" is about a Swedish horny sectleader called HANS SHEIKE. He had summer camps for young girls here in Sweden. He fooled the young girls parents and whipped and raped the girls. This lyrics isn't so funny actually, because its true. (Seems to an interesting story!!!-ed.)  
R.Z.: What will you say about Samantha Fox breasts ?  
SPER: Wow! But they are a bit too small. (Shes better pumped it a little big more!-ed.)  
R.Z.: Will you done a gig in Singapore if you're been offered so ?  
SPER: Yes if someone payed the travelling. I think that AFFLICTED CONVULSION in Singapore would be great. Drunk as hell and then beat the shit out of your fascist police cops. But I don't think anyone are going to pay a trip to Singapore for us. (Why don't ya asked my grandma?-ed.)  
R.Z.: What is your opinion on today's wimps ?  
SPER: Well, I'm in love with most of them especially BROS, cause they are so nice. (Is it true don't believes that you like this kind of stupid band!!!-ed.)  
R.Z.: Does your parents knows that you're into this kind of band, why ?  
SPER: Yes they know that. I think that they think its great that I have something to do even though I look and behave like the complete bastard I am. (Very naughty!-ed.)  
R.Z.: Have you played in any gigs so far, tell our readers more about it ?  
SPER: AFFLICTED CONVULSION have played many gigs, but just 3 gigs with our new line-up. The last was a couple of days ago with MACRODEX, CREMATORY and UNLEASHED at a youth club here in Stockholm. AFFLICTED CONVULSION have with bands like: CARNAGE, SORCERER, MEZZROW, THERION, ENTOMBED, ROCITY, MERCILESS, BEYOND, CARBONIZED, UNLEASHED, MACRODEX and CREMATORY.  
R.Z.: For how long has Jasse been playing his drums, does he suffers from any mental illness coz the way he's playing really rules ?  
SPER: I don't know for how long Jasse has been playing drums. But he has practiced alot the last year. I don't know about the disease but I think that he is afflicted by diarrhoea!!!  
R.Z.: Have you ever raped a nun before or does all the stupid way to fuck an animal ?  
SPER: No, but when I raped my flowerpot in our kitchen I felt like a complete pencil!!!! What I talking about, I must be brain dead. (No, but shit brain, hi, hi.-ed.)  
R.Z.: What's your opinion on my new band DEMISOR, do we looks like a wimp ?  
SPER: I think your new band is one of the best Death Metal bands around even though I haven't heard it. No, you don't look like wimps-you look like a bunch of fermented shit. (That's right-ed.)  
R.Z.: Are you addicted to any sins like alcohol, sex or murder etc. ?  
SPER: No I'm straight edge (JOKE!) HA! HA! I don't know about murder yet but the other stuff sounds O.K.! (Surely it must be the sex, am I right?-ed.)  
R.Z.: What do you think of my zine etc. ?  
SPER: I haven't read it, but I think that it's the best zine around. HO-HO-HO!!!  
R.Z.: What are your bands future plans ?  
SPER: The usual shit, spread our demo, play more live, write new songs and record a new demo. The usual stuff you know. We are going to brew some beer soon and we are also going to make AFFLICTED CONVULSION buttons soon.

HAARREGHAN!!

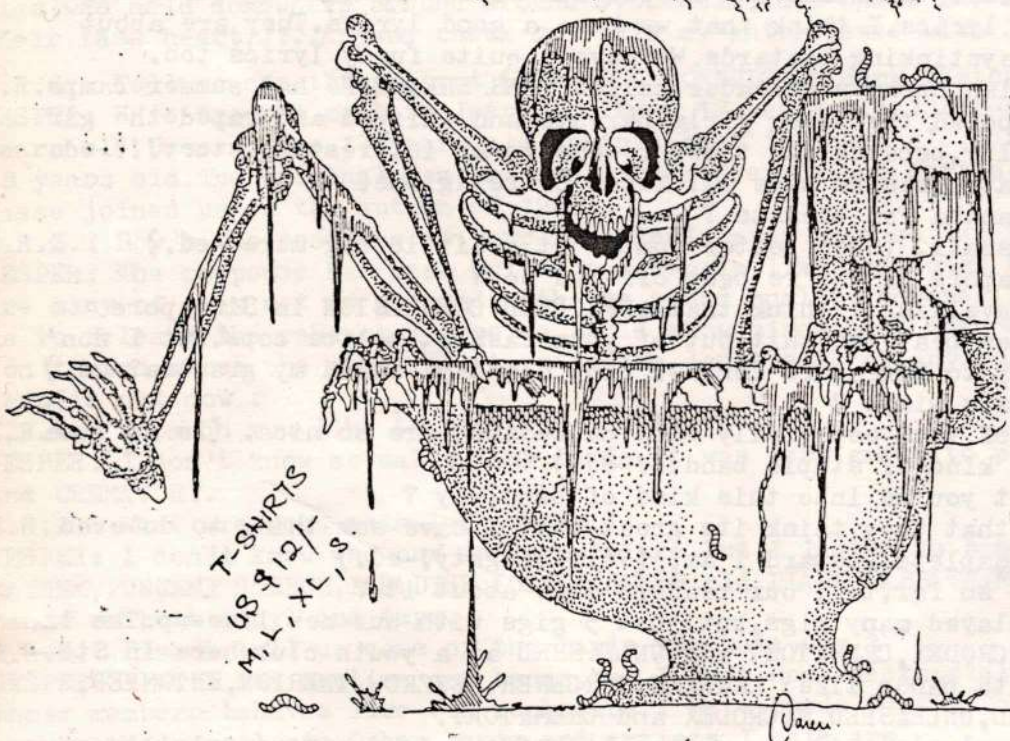

E.R.Z.: Thanx anything last to add ?

JESPER: Yes, buy my rancid and extremely evil fermented baltic herrings for just 50US\$ each. If you don't like fermented baltic herrings buy our four track demo BEYOND REDEMPTION for just 3 US\$(Europe) 4US\$(Overseas). We have T-shirts too, black with white print on both sides for just 10US\$(Europe) 11US\$(Overseas). from pg. 38)

E.R.Z.: What do you think of profits ?

MARK: Well that depends if you want to just play your music and not work I think you'll need to make some money or you will never be able to live and alot of people in the scene don't understand that. Everyone wants to see their favourite bands tour the world and pay as little money as possible to see them. But in order for that band to tour it would be impossible to work so where would they get any money. Life here is expensive with food, rent, insurance, utility bills, gas and all that shit. I personally feel if you want to play really intense sick music, you should not plan on making money from it. (Yeah, non-profit of course!!-ed.) It's just not popular enough. Everyone in this band has a full time job then we work everyday of the week or more in order to be able to live a normal life. We are not rich by any means and have not made a cent off the band. It costs a fortune to send out all the free tapes and shit. Profits can be necessary in some instances, so I guess to me it depends on the situation.

E.R.Z.: What major label recods have signed your band ?

MARK: We are signed to a very small independent label called Wild Rags Recods. Our debut LP entitled "Ultimo Mondo Cannibale" should be out in late August some time. We had some trouble with our cover art so it has been delayed. It's our best work yet. Our best heaviest and sickest shit ever. It has 16 songs on it including all of the songs from the Giallo demo and quite a few new ones or older reworked tunes. Just get it when it comes out if you like brutal shit. Also our sick punk friend Bloody Mess sings on the LP too. It's a collection of weirdos! (Mineeee...its more KILLZZZZ!!!!).

E.R.Z.: Any comments about my zine question or etc. ?

MARK: Well I haven't seen your zine but I must say it's been a good interview and I do a zine myself. It mixed funny shit with serious shit quite well and it should inform the readers about the band and give them some entertainment as well. I think it will do well. It's great to be in a zine from Singapore. It helps spread the scene everywhere. Any band that doesn't write back to zines is fucked! They all deserve our support but any zine that rips off bands also sucks. But keep up the good work.

E.R.Z.: Thanxx alot Mark for your co-operation, left a shit messages to the readers

MARK: First off thanks to you Azizi for the space in your zine (You're welcome-ed) and much success to you and your zine. For all the sick fucking Evil Rotting readers, look for our LP in late August. You can order it from me so it's not hard to get! If you want to write band info shit, please enclose some return postage if you can, it would help alot. Maybe someday soon we can get T-shirts made up. Until then keep eviscerating corpses and swallowing the blood and guts!!

10. Will you accept Bon Jovi if he wants to become singer in your band but your band have to bought only their fuckin pop songs?

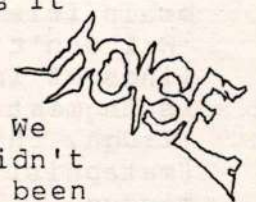

Noise

U: I don't think that our mentality would be the same. I don't care about succes or what! I only want to work with people whom I am sure that I can truly trust!

T: No, ofcourse not. I play noise and not pop!! And moreover, Bon Jovi writes wrong lyrics...by the way B.J. actually sings, and doesn't growl!!

W: Are you joking? First of all, what's job is left for me? Can I forget singing and get study violin or what??? When he enters in our band we all leave. The thing that started the whole (friendship and unity) is than destroyed. No one of us can really making music and that's it always gonna be...

11. Back now, did you find it really difficult to form a band?

U: No, not really, we just felt for forming a band, so we did it. We couldn't handle our instruments properly at that time, but that didn't matter. And why should it matter? I mean, making music should NOT been something for an elite. Music is a subjective conception and there are no rules.

T: No, not at all, we just knew each other, bought ourselves some instruments and formed the band...

12. Have you got any new stuff coming out, or still working on it and state some of the new songtitles?

U: Like said before, we are working on a demo with 10,000 songs and at the moment it's absorbing all our time!!! The flyers are already finished but we don't spread them now. The songtitles are still secret. Sorry, Azize, I hope you can forgive us! Patience---

Noise

T: We've just finished the recordings of a new demo, which contains 10,000 songs, prepare for it!

13. Why is your demo given names as 'Suicide of Mankind' and does it got to do with the band images of popularity?

W: Actually it is true that we have that song on our demo. I wrote it about two years ago. It has nothing to do with a negative view on life but I understand why you think so. Sometimes when I see the world destroyed by people continueing day by day, I think, what would there be when there were no human beings...ever. Flowers would grew on every street, dodo-birds were still existing. Seas full of fish. The earth was one green, blue planet. Not blue of asphalt, but of water and lakes. What will it be when we all get killed by an indrustial error when all human beings disappear and all animals, flowers and nature remains. Such fault would be a suicide, we made it ourselves and we killed ourselves. Hope you understand what I meant with this song. It was made in a depressive period of myself.

Noise

14. State some of the bands that you hate mostly?

T: Every band with fascist, racist, sexism, hate, violence-lyrics.

U: Any band with shitty lyrics of fascist-racist-sexist-macho attitudes! Grow up!

15. Did you have the ultra support from your parents and your friends, have you been ever be criticised?

W: Yes and no, when I told my father about the demo, he was shocked. He has made a 999-song demo in 1965 with his band 'Amsterdam Attack' and still believed he had the record. He was very angry that the record was broken and he didn't spoke with me for 4 months. My mother likes it, only if I do the dishes.

Noise

T: My parents think we're crazy, no matter, they see our music as modern art, but they don't support us.

U: Our parents think we're nuts! My father doesn't believe that there actually exist a public that likes N-O-I-S-E! But when I show all the mail we get, he's amazed and says it's a wicked world, haha! Our friends like the music very much indeed and support our cadaistic way of expressing. You have to know, NOISE is very popular in Holland's underground! We've never been criticized by someone before, oh yeah, I forgot, a mother of a friend of us thinks we've got too difficult and rebellious lyrix, but she's an orthodox person with very conservative and traditional views.

16. What is your opinion of today's bands which like to split and split after their bands are fuckin' great, tell us your impression on them?

U: Sometimes I despise it, when it is a good band. But I laugh when the band in person is a weak band. So it depends on one's personal impression.

W: If you think it's necessary to split it's good. It doesn't matter in my opinion if that band is good or bad. Because if they don't split up there's a situation that music seems to be more important than the bond of friendship...that's wrong.

17. Will your soul rest in peace if I hacked your bones till pieces and your flesh is been teared and your penis been sliced and have your brain fried (r.i.p.)?

W: I don't think this question fits with our personal dadaistic feelings of inner experiences opening through love and friendship, which is in most cases unseparable. Peace!, no pieces.

T: Ugh, this is another stupid question! I don't believe I have a soul (metaphysically speaking) and I don't believe you would hack me to pieces.

U: No, I don't believe in hell nor heaven. They're all inventions from the church to gain power over uncertain people. We have a conscience thought and let's use it goddamn!

18. What will you say about death metal scene in USA, West Germany, Netherlands and Chile, give us a brief word?

U: The death metal scene in Holland is growing and growing. I've seen noise bands (with social-critical lyrics) jumping on the death metal bandwagon from one day to the other! Becoming satanic bloody skull-rippers. Oh, so brave copy-copy-heads! Just in it for the newest hype. You are the goatlord itself, guys! And there is a negative thing on death metal...it has become a big commercial marketing slogan. Put death metal on your flyer or record and it'll sell! Another trend, another moneysucking thing. Stay yourself! Why take over the last labels and etiquettes? Has it all got to do with following each other? I don't understand. Death metallers slagging people off for wearing an Anthrax T-shirt! Ha, how great, how macho, you like the fastest, the lowest, huh? It's incredible, cuz these same people were wearing Anthrax shirts themselves for 2 years ago! Hypocrites!! Afraid to be laughed at? Don't understand me, I do like the death metal music very much (it's one of my favourite styles) but I don't like the attitude-hell-evil-kill-lyrix, posse. I mean, what's so funny about being evil? Is that the right lifestyle for you? Then go kill you mother! That's evil! (obviously I don't mean the words, but I still can't understand the death, die and rot posse from many of those bands. It sounds rather negative to me!)

T: Death Metal is fine music, but most of their lyrics suck, so I hardly listen to death metal. I hate listening to stories about hate and violence...

19. What do you think of my zine. Have you got any comments about the questions or somewhere else?

U: Sorry, Azize, my deep apologies for the fact that I haven't had the honour to look at your zine. Therefore I can't judge it. About the comment on your questions, well, some were worth answering and I'll say nothing about the others, if ya feel what I mean...(ha).

20. OK, any last to add or messages to our 'Evil Rotting' zine readers?

U: Yeah, thanks for not-ripping us off. We really appreciate that! Thanks for reading so far and the attention. If anyone doesn't agree with the things we state, than write!!! Get in touch and tell us your vision. We can only learn by hearing other peoples views, and wide open our scoop about things! So take a pen and VOICE YOUR OPINION!!!! We always reply! STOP RACISM, BOYCOT MULTINATIONS AS SHELL who support apartheid! Let's COMMUNICATE and fight for a better world! Support GREENPEACE (if not financially then mentally!!! Don't be ashamed! Act NOW!!! Noise bands unite!!!

W: Yeaahhhh, support underground. Stop mankind for digging it's own grave by dropping pollution everywhere. Singapore is far away but not far in our thoughts.

E.S.: Fags suck,as for lesbians they rule!! (Hey,I think you're mixed up,gay rule anyway!-ed)  
E.R.Z.: What's your opinion on today Grindcore bands that's just formed for fun ?  
S.S.: They all suck,we rule!!!

NERCIST: Yeah!!! I hope so!!! Especially to the "KENTALBELIAS" and "KENTAIA TORS"... They are all a bunch of nerds!!!! Well my father are planning to throw me out of the house if I keep on wearing black T-shirts with inverted crosses!!! he!he!he! (Geee... I thought it's true!!-ed.) The society looks down upon us!!! We look down upon them too!!! Maybe I'll turn them into goats someday so we can all poke their ass!!!! AARRCRUHH... (I am cruel, am I!!! he!he!he!)

R.R.Z.: I like Crucifer voice alot, how does he get such a rotten voice that are really been choked, what does he eats everyday to get such scary voice ?

NERCIST: Well he says that he gets it by eating maggots mixed with cornflakes during breakfast (you should try it!!!) (EEEyark!!!-ed.) He's influenced mostly by watching Paula Abdul (fuckin' Yahudi Karat!!!!) It's been his dream to sing like her.... (I don't know what he sees in her!!) (I think he's impressed by her lovely pussy and her awful tits!!-ed.)

R.R.Z.: What do you think of Singapore scenes' here and tell us your opinion about today wimp which are still hanging around here ?

NERCIST: As you know that there is absolutely no scene here only a few underground bands..... and a few zines!!! (I hope your's is for real..he!he!he!) (Yezzz..I'm doing it to be real!!-ed) Hope in the near future there are many bands coming up and zines too... Well, I'm waiting for my supply of M-16, bazookas and GPMG's from the Soviet Union!! When I get it I'll overthrow the S' pure government and reign Singapore with concerts every week... how's that??? (That's great-ed.) Wimps??? Fuckin' wimps... all the 'Rockers' in Singapore are wimps and some metal's too!!!! I think that they are a hazard to the underground society!!! So let's take 'Shelltox' and spray it at their noses O.K.!!! (what waiting for, hurry up-ed.)

R.R.Z.: Tell me your band influences and state about 10 of your bands faves ?

NERCIST: We mainly listen to BLASPHEMY, SARCOFAGO... but we don't think we are influence by them... My ten faves bands are the aforementioned 2 + ENTOMBED, CARNAGE, SORCERY, CARCASS, MORBID ANGEL, IMMOLATION, CADAVER, and millions more of those sick, disgusting bands on this rotting earth!!!

R.R.Z.: How long have you been playing your guitars ?

NERCIST: I think about 2 or 3 years... Before that I was playing the trumpet and the saxophone fucking great musical instruments... Too bad it doesn't fit with Death Metal... I think on my next demo, I'll use the saxophone to replace the guitar solos..he!he!he!... Then we'll see how it sounds like!!! (It's so fuckin' brutal like the one from Kassim Selamat!!!-ed.) O.K. let's kill a frog (Good idea!!!) (No please! But you can fucked it anyway!?-ed.)

R.R.Z.: Do ya songs all mainly about Satanism or else and are you into goat tripping ?

NERCIST: Yes... Satanism is God... we are not Satanists but we are definitely interested in the activities of the dark lord. Yeah we're into goat-ripping but head-ripping is better (human head that is!!!) You can see the frightened, shocking face of your victim... That is much more interesting... AAARRgghh!!! (I am evil ha!!) (I bet you is!!!-ed.)

R.R.Z.: What do ya think of Christianity and have you ever raped a nun before and sacrifice a goat too before ?

NERCIST: Fuck!! all the Christian's in the world.. I would like to shove the inverted cross in the pope's face... He's a son of a bitch.... Jesus Christ is a male prostitute during his time, he's not a god he's a whore selling his backside... (For how much does he sells his butts?-ed) Nuns are not virgin they are actually a sex-slave to the pope's and priests. Yezz!!! I've actually sacrifice a goat once... That's during the Haji season... fuckin' brutal... blood everywhere ha!ha!ha! (OH!! Haji season huh?!?-ed.)

R.R.Z.: Do you listen to all this rock bands and punky bands nowadays, why ?

NERCIST: Rock and punky bands??? Not my style... I hate all those poser glam commercial rock bands like TESTAMENT, ANTHRAX, BON JOVI..... and all those kind of shit!!! I think I'll stop here cause it makes me wanna throw-up answering this questions!!! (SORRY!!!-ed.)

R.R.Z.: All of you like to fuck a chick (girl) if she offered, and do you find it useless when your sperm is out after masturbating ?

NERCIST: Chick! Chick! Chick! or ayam!! I'll fuck their ass upside down!!! (Are you crazy??-ed.) So! I don't find it useless when my sperm is out after masturbating... You can always drink it back!!! he!he!he! (I always use it as a make-up for my grandma!-ed.)

R.R.Z.: What are ABHORER future plans and have you got any new stuff written now ?

NERCIST: Abhorer future plan are to carry on making demos and listen to deathmetal 'till we grow old and fat!!! We've already got materials ready for our next demo!!! hopefully it'll be out soon (if nothing problems arises that is!!) Then we'll be going on a world tour covering Sweden, Norway, South America, and U.S.A..... (He!he!he!... NOT A CHANCE!!!)

R.R.Z.: What are your comments on my zine and the questions etc. ?

NERCIST: Fucking stupid zine and questions!!! (he!he!he! just kidding!!!) I hope you'll go a long way and Abhorer will support you all the way... (Where could I go; to Johore Rd or..?-ed.)

R.R.Z.: How's the response been so far to your demotape ?

NERCIST: The response has been great. We've got lots of mail from U.S.A., France, Chile, Brazil, Norway, Sweden, Finland, Poland and many other countries.. S'pore response is O.K. too!!!

E.R.Z.: Do you all like to drunk, what sort of drinks do you all like ?

GUILLERMO: Yeah, we all drink least Daniel (He's a stupid), we all most prefer to drink beers, mexicans best are: 'Corona', 'Carta Blanca', 'Superior' and 'XXX Lager'. We drink with our friends of TORMENTOR band members every time we can to.

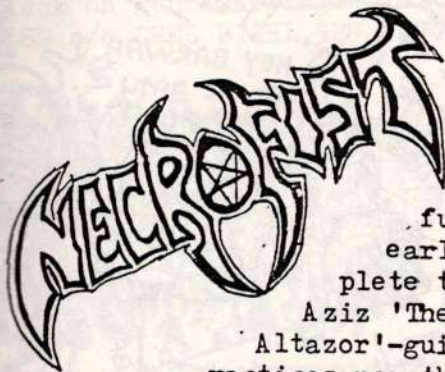

E.R.Z.: What are your bands future plans ?

GUILLERMO: Our early plans are the EP's and prepare the new songs and do it as brutal as we can. Maybe a little tour through Mexico and maybe some shows in U.S.A. can come. Also going on writing to mags., zines, bands, and so on. And hear brutal music the most we can.

E.R.Z.: O.K. Guillermo, thank for answering this crap questions, before we both fuck off do ya have any commentaries or messages to the readers ?

GUILLERMO: Just order our tape or any tape of any honest band support the underground bands, mags., zines, shows, etc. Any band that want to trade demos can write for sure reply answer, any people can write too. Keep your evil rotting minds in toilet cleaner, it will be very gorely. Thanks to you Azizi for write and keep Singapore scenes up, I like to know for people over there, into tape trading (No rip off please) so get in contact.

NECROFIST is yet another Malaysian deathgrinding bands that were known too in Selangor. Since when they were formed in March of 1989, they were usually known as the name SEPUCHRAL-VOICE with those line-up: Abd. Aziz-vox, Yong-bass, Khairul-drums and Abdah-guitar but unfortunately Khairul & Abdah was kicked out of the band since they were a Death Metal pretender fuckin' wimps; mat kental (Kepala dia orang puki mak habis!) So in early 1990, Faridz-bass and Hazril-drums joined in the band to complete their awful line-up. Their line-up has been till now with: Abd. Aziz 'The ronggak Death'-vox (19), Faridz 'Fazazil'-bass (17), Yong 'The Altazor'-guitars and Hazril 'The Butcher'-drums (17). With hard works and practices, now they only to release their first official rehearsal-demotape which is entitled "Eternal Blasphemy" which was recorded in the Black Widdow Studio in Petaling Jaya; one of the most noisy tunes and awful vocals. FUCKING SICK ! ! ! ! ! ! ! ! !

Some of their faves bands are like ROTTING CHRIST, PROFANCER, TIAMAT, DAMNATION, FUNEBRE, SORCERY.....etc. So far, the band only did two shows at the METALLICA LOUNGE in Kuala Lumpur, quite an experience too! ! ! For your info. too, one of the members Abd. Aziz is also doing a zine of his own called "Vortex From East" which I think good to have person supporting the scenes; anyway if you wanted to bought his band rehearsal-demotape, send an equivalent US\$4 and get that emerging satanic tunes, write to this satanic deathrashers for more info or etc....

R.Z.: What do you think of today Death Metal scene ?  
 GREG: As long as their are bands like FUNEBRE, ENTOMBED, PARADISE LOST, AUTOPSY, MACABRE etc...the scene will always rule!!!!  
 R.Z.: Are your all into Satanism and Black Magic recently ?  
 GREG: Our lyrics are only about death, not society.  
 R.Z.: How long have ya listen to Metal and what type of songs do ya like to hear ?  
 GREG: I've been listening to metal around 6 years now and the stuff I'm into now is stuff simple but brutal...you don't need 20 riffs in a song to be great.  
 R.Z.: What will you say if you saw an old man were headbanging while were listening to your songs ?  
 GREG: I'd bring him to my house to hear the FUNEBRE demo, to hear some "real" death metal!!!!!!  
 R.Z.: Will you got back new guys to formed a real death metal besides n.s. ?  
 GREG: Yeah cause n.s. is dead!!!!!!  
 R.Z.: Thanxx, Greg your last words ?  
 GREG: Thanx alot Azizi (Azievil) for the excellent interview and best to ya in everything you do and sorry to say but our demos are no longer available but thanx to everyone who wrote and always stay sick!!!!!! Later.

BIAAAARRRGGGHHHH!!!!!! This is what I called a real abyssic DEATH METAL with some touch of grinds stuff. Yezzzz, I got their demotape from my pal again Greg Biehl entitled "Decomposed Desires"-this is one of my brutal stuff anyway. Frode-guitars, Jon-bass, Glenn-drums, Vidar-vocals has been together since October '88 and NECRO SENTIENT - MORTIS FEED is already their 3rd name. Before that they were to called as CREMATOR and PUTREFACTION!! Fun and noises, these fello play great noisy instruments. I think the demo or the rehearsal called "Acidface" is out by the way, and its probably gonna be more grinding to be put in. The band is not extreme at all but somehow it just sounds great!!! I think you might be influence by the way Vidar sang; really chaotic, must have pull your dick off...Ha!Ha!Ha!  
 Anyway send 5 bucks to them or I.R.C. for more info, believes me you wouldn't regret boughting this demo!!!!

# MINOTAUR

O.K...O.K...For not boring you Death/Thrashers out there. Here I have done an exclusive interviews some time ago with the German DEATH/THRASH, MINOTAUR. If you really like them I bet that you have surely heard of their 1st debut Lp 'Power Of Darkness'. Well since this band were formed quite long time ago, they had still several problems arising etc. such as now they already apart from their manager Daniel Appert due to some mis-understanding and this is working out with the Turbo Music but unfortunately this record company has create problems again but this is still diligent to released more new songs on their new Ep, Lp, Cd and Mc + having several performance without tired!!! So read this sick interviews and the sober questions answered by Jorg Bock some time ago, may it plunged in your thoughts so lets go:

E.R.Z.: Well Jorg tell the readers how's the band was formed + what are the current line up and the members age too ?

JORG: Well, Minotaur was formed back in summer '83 by me on drums and our old guitarist Ulf. Ya know we'd a couple of line up changes over the years, but so far we've a constant line up since 2 years. It features Andreas Richwien-(23) guitars & vox, Marco Scharfenort-(24) bass and me (22) on drums.

E.R.Z.: Who mostly writes the lyrics and create the songs, and does ya parents knows you're into this band, what is their reaction against you ?

JORG: Well, normally Andreas as he's the guitarists comes along with some riffs and songs structures, but when we start to practise and arrange the song we all work on it. It's the same with the lyrics-someone comes across with an idea, but we work the idea out as a band. My parents know about the band from the beginning-well at first they were pretty skeptical about it, but now they accept me being a musician. I've to thank them pretty much, cuz they helped where ever they could. They rent us money as it was short, they gave us food as we'd nothing to eat, my dad gave us his car so that we could transport our equipment to concerts. My parents hate our music (too noisy for them as ya can guess) but I think they are the biggest fans worldwide.

E.R.Z.: What will you do if you been forced to have your hair been cut ?

JORG: No one will ever force me to do that. I don't have to join the army, so who else will ever force me to do that...????

E.R.Z.: What are your band influences, tell us some of it ?

JORG: Well, I think most of our influences comes from US speed/thrash bands as ah, a who could guess Slayer, Dark Angel, Exodus, Possessed (RIP), Hallows Eve, but also Sodom, Kreator, and a couple of others....

E.R.Z.: Do you guys party a lot, and do ya all like beer ?

JORG: Yeahh, we did party 6 days a week (Are you crazy?-ed.) and the 7th we try to write songs...burbs...that's the way they sound...but only in the beginning. After a couple of rehearsals everything turns out bloody TAUR like. To answer ya question we all need beer a lot-well except for Marco who's more into Vodca-crazy motorheaded.

E.R.Z.: Tell our readers how to placed their penis into the girls holes ?

JORG: Think ya got ya a girl to suck it and then just place it right between the wet lips...just move man...move it..move it....

E.R.Z.: What's your opinion against Samantha Fox breast ?

JORG: ...like to sperm on them....

E.R.Z.: Are you into Satanisms, and have ya been ever joining into goat-raping ?

JORG: To be honest...I've never been into Satan and stuff like that...I neither believe in god nor do I do in satan...I just believe in myself...that's hard enough...I'm lyrically interested in occultism & mythology, but I don't live for it.

E.R.Z.: Do you knows other of your pal from Singapore lately ?

JORG: So far you are the only maniac from Singapore but I'll hope it'll soon becomes different.

E.R.Z.: Will you be touring to Singapore soon and what are your weird stuff that you had written so far ?

JORG: Well, there's nothing more than I like to tour than elsewhere as Europe....Minotaur is around since '83 and since '86 we are bloody serious, till then we did 3 small Euro tours so I like to play elsewhere...USA, Brazil, Australia, Japan even Singapore.... About new stuff...we did a couple of new songs for our 2nd LP...not all of them have a special title, but some are; Deliverance;..., but I live; Mass suicide; Guilty as charged; Towards my eternity; Trauma X; Charismatic domination;....

E.R.Z.: How many times did you bath and brush your teeth in a day ?

JORG: Sorry...I better do not answer this question..otherwise no girl will ever kiss me backstage....

E.R.Z.: What's your opinion on posers which hanging around ?

JORG: Fuck 'em. I'm not a guy going with the 'Metal Hammer'....I know if ya like to make money these days you've to sleaze, but I hate Guns 'n' fucks, and stuff like that. I admire Led Zeppelin for doing the same 20 years ago (I like Hippies too!!--ed.), but I hate people going with the press....fuck 'em. It's not that I don't like Jovi or Cinderella...I love them, but they do their music since about 7 or more years so accept them (Fuck I hate them, fuck off!--ed.), but I hate Poison, Guns..., Quireboys, Kingdom come etc.

E.R.Z.: Will you accept me if I wanted to become your bassist, let say that you have no bassist till now ?

JORG: I've never heard ya playing so far...and I've never been out drinking with ya... if both points would work out really promising why not joining us (When!!!!!--ed.)

E.R.Z.: What's your reaction if your flesh been teared, your bones is been hacked and your eyes is been poked ?

JORG: No way...give me another beer and pass me my drumstix to carry on..... (Wow, you're so terror huh!--ed.)

E.R.Z.: Thanx Jorg, any last messages to the readers ?

JORG: A big thanx to anyone out there for reading this interview..ya must be as sick as the editor of this zine to read all this crap (as sick as me cuz I did the interview sober I shouldn't have done that).

really pure DEATHcore so brilliant and fascinating...Well I'm brave to say that this band is number 1 in the Deathcore scene nowadays. After they released their two reh. tapes, I got their demotape from Iskandar (the editor of 'Living Corpse' zine) which is entitled 'Satanas Tedeum' that contains 5 pure fucking DEATHCORE songs, that is 'The Hills Of The Crucifixion', 'Feast Of The Grant Whore' (Doooom), 'The Nereid Of Esgalduin', 'Restoration Of The Infernal Kingdom' and 'The Sixth Communion'. The band members are Sakis-guitars & vox., Jim-bass & back up and Necrosauron-drums.... They surely gonna rip out your genitals and swallowed it and blows off your ears so just pound the fuck out guys cause Sakis voice is really pure rot and that he hits every beat in which the songs goes. Besides this guys is really against profits, violence, religion cause they just believes in themselves recently... Oooh I forgot to tell you that this guys will soon put out a split Ep with MASACRE (Colombia) I guess on Deathlike Silence Records labels (Euronymous), so search for that folks and if you wants any inquiries send to:

# KENTIK BROSK

MINEEEEE...this is one of my grinds faves, this band hails from Surahammar, Sweden. This is fucking pure excellent Grinds/Thrash and about 1% are played in a Hardcore style... Dozz this band is godz with them havin such a rotten gore voice and the speed of the drumkit + the distorted guitar that riffs off and its sounds pretty much heavier!!! Honestly, I don't have their sick bio nor their photos.... only I got their demotape from Iskandar again. This demo 'Ultraspell' contains 10 trax Hojko-growls, grunts & rattles, Forsko-guitar, bass & b. growls, and Steko-drums and b. arrgghs are the dudes.

Well most of their lyrics does not have a message or something important to say..... its relates to make up the minds of people who keeps nagging with posers and wants 'em to die and as well is written in less than two minutes each songs but nothing special, just words to sings.... but damned godz this is an excellent demotape with good sounds recordings, so I recommended to you this firty band-write for more info. :

Also I got their live tape & it was fuckin' great. I like the way Barney sing and the distorted guitar structures that full o heavy grinding and the aggressive drums of Mick. This is really one of my GRINDS faves band. Oooh! For you who are not sure of their new line-up, N.

GLUURP!!!! CARNAGE was a bit problematic bands when I get knowing them coz they play very aggressive music and heavy guitar-riffing, anyway they reminds of CARCASS, maybe that is one of their influences. Their first attack was a demotape that contains only 3 trax entitled 'Day Man Lost', you could notice the ultra grinding riffs on it but they are now becoming more brutal and sicker!!! Hey folks! Do you know that I have ever rang up Johan once Grrr... a lot of laugh and fun when we're were chatting on the phone, talking nonsense all the way without stoping. Ha! Ha! Ha! Well I gotta know that this four guys is back again with their Lp, probably its out now recently, so don't miss that out folks coz their Lp is more KILLZZZZZZZZZZZZZZ!!! Any sick generations, gay, potassium or prostitute who is interested in buying their 1st demo, send about US\$ and T-shirts for US\$10\$, it is still available as long as you request it, so bomb all your money to them: NO RIP OFF!!!

POLAND is the land of GRINDCORE!!! Yes, you could find all sort of sick and filthy grindcore bands from there making all sorts of noise and grinding tunes. One of those is this Polish dudes called SEPARATOR. They has been exists since '87 and is playing for guys who really like total noise. Meanwhile, they only managed to released the two rehearsal tape since that they couldn't find a good studio and good soundings quality, but they were never hopeless as their ex. drummer Widow has left the band. Now they had a stabile line-up with Zombie on bass/vox., Runaway on guitars and Igor on drums. Their both rehearsal tape, "Main Kampth" and "Another Messiah/Fuck All Messiah" had received good response and airplay too, also the band had done a couple of gigs there. Believes me guys, your heart will surely poked off and screaming to death after you heard their songs: GRIND NOISE!!!! AAAAAAAAAAGGGGGHHHHHHHHHH!!!! Anyway who cares if you suffer from it. Its shame on you if you haven't bought or listen to their rehearsal tape that only cost you US\$3 + I.R.C. I'm sure you can afford that aren't you?! ## INCANTATIONS OF THE GATES +

YOYO!!! what the hell is this band coming to? Another satanic freaks that were formed since late '88 under the calling 'INFERNAL DEATH'. Paul Russ—bass & vox., Ken Smith—guitars, Ben Ulrich—drums have been penning down some materials since that they were formed and soon during the summer '89 they recorded their 4 traxs demo called 'Incantations of the gates', a very lyrical on pejorative to christians, lord Satan, Praising the glory of Hell, and defying the falsehood of Christianity—that's where their souls were sets.....so you damned fuck Christians don't ever listen to their demotape songs or you been too peppery and probably been pell-mell on it. I have heard their demotape I.O.T.G. thats' include the songs 'The rites of ensnarer', 'I.O.T.G. (instr.)', 'Take me to hell' and 'Satans' metal'...I don't have much comments on their demo but I thinks that they are improving with their new drummer since Ben that poser guy had left. I gotta know too that this guys are working on their 2nd demo entitled 'Bringer Of Evil'—its shoulds kills this time, so what's you're waiting for. Write to 'em now and if you their 1st demo send the usual 5 buxx cause its still available and don't forget to asked 'em the lyrics sheet too, also asked for more info. on their 2nd demo. So what? Pen now to: INFERNAL DEATH

PISS. PISS .....:.....: I always gonna micturate whenever I saw their tape or wrongly played it in my cheap walkman. Gussed why????????????????????????????????? No folks you're wrong, actually this is a shit band with shit vocals. I hope you got this clear, the vocals really ruin the bands image, he sang like a rock singer...The only problems if they changed to other type like DEATH or GRIND vox. this might be a great band To be honest I don't have any of thier band photo or their bio since GREG BIEHL (ex.n.s.) don't send me that, only that I knows was they were formed in late '89. BATHYM lines-up is Paul-guitar & vox., Jeff-guitar, Brian bass and Bill-drums. They are also a new PGH band. Later in Oct. 30 89 they recorded their shit reh. tape 3 traxs on it 'Nuclear Death', 'Guardian of the Abyss', 'Watch them Bleed'. I really don't know what should I labels them..but for my opinion, they played some kind of a TrashSpeed—sorry if I got this damned shit wrong.. Honestly speaking too I don't have the band contact address, find somewhere else in zine, so BLAH..BLAH..BLAH..BLAH..BLAH.....

# BLACK DEATH

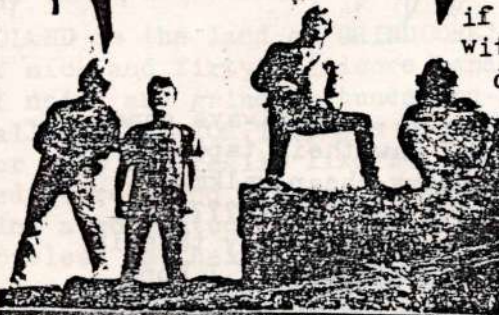

# SARCOFAGO

Fuckin'bastard, again from the Brazilian band. This time is the true fuckin' poser, SARCOFAGO. They have released their new album called 'Rotting' with a new appearance.. Yes I mean new appearance, they look like some kind of a rock-star bands with such a glams fags and posing their half T-shirts + their pants printed the words Sexual Maniac. Besides their songs are becoming more and more weak and they're always looks droll recently. I prefer the I.N.R.I. album with old line-up + lots of tempo and guitars structures and the scary appearance. So I advice you not to bought their new damned shit album 'Rotting' or you may regret but I urged you to write and send them a long-long hate and critic letter so may they aware of..it. + don't write your

Yes, I bet you got right this time. It the true Swedish, MERCILESS. Since that they you know, tons of bands using the same monicker but the only that I'm impressed is this bands style. This band plays an excellent DEATH/THRASH with good rotten vocals and heavy guitar pouding. K I L L Z !!! Anyway they just reminds of early SODOM covers. But hell, this is more brutal than those. MERCILESS was formed in the beginning of '86 but was from a different bands. After shortly they found a vocalist Kalle, after several rehearsal they recorded their first demo called "B.T.B.D." but unfortunately they kicked Kalle away for some reasons and substituted Rogga. They start composing new material until their 2nd demo is out called "Realm Of The Dark" which has good responce. Now they had an LP out now on D.S.P. labels called "The Awakening". Its contains 8 traxs of pure raging deathrashing music and ensure that your grandma had buyed it or tell her to just wiped out. By the way, here an interview done with Karlen, ENJOY!!!!!!

E.R.Z.: Karlen, tells them how you get into this band and who got the band name?

KARLEN: It was a cold night in February 1986 Stipen, Erik and I. We listen to the first BATHORY Lp and after that we start our band MERCILESS. The name is from our mind (sick-brain).

E.R.Z.: What are the guys age and what instruments do they play ?

KARLEN: Karlen (bajs BASS, 18) Erik (hackhaka GUITAR, 18) Stipen (bygg DRUMS, 18) and Rogga (dead vocals, 19)

E.R.Z.: Have ya ever felt the lust to fuck an animal ?

KARLEN: AAAAAAAA we love it, its so fucking great to fuck old dogs who have a big ass, there your breath can tell what you have done with the dog... (No its not true, I'm only a slave in my own shit house (bajsbrannery)).

E.R.Z.: How's the response been to both of your demos' ?

KARLEN: We have a great response for our debut LP (Buy it now) Buy it!!!!

E.R.Z.: Will you went on gig in Singapore soon ?

KARLEN: If someone pay the trip + food, we can come.

E.R.Z.: Do like to bite Samantha Fox tits and lick her pussy ?

KARLEN: I'm only eat shit from dead people and I don't eat poser shit. Samantha is only a sacrifice for terror.

E.R.Z.: How did Rogga obtain such rotten voice ?

KARLEN: Rogga is dead by beer!!

E.R.Z.: Have any other of your fans from Singapore is in contact with you, what do you think of the scenes here ?

KARLEN: We know MAC from Spores', he is a fucking great fans, I think the scene in Singapore is great I got much great letter from it.

E.R.Z.: Do ya like heavy drink whats' about drugs recently ?

KARLEN: I love it!!!!!! I'm not into drugs who do you bad. But I dont think beer is a bad thing, do you??? (No, beer is my life-ed.)

E.R.Z.: How would you describe your music & are you into Satanism?

KARLEN: Our music is DEATHROCK and we are into the dark side of life.

E.R.Z.: What are the best shows you did so far ?

KARLEN : CLIFF BURTONS last gig here in Sweden, R.I.P. (METALLICA).

E.R.Z.: Does your mother give a fuck on what you do ?

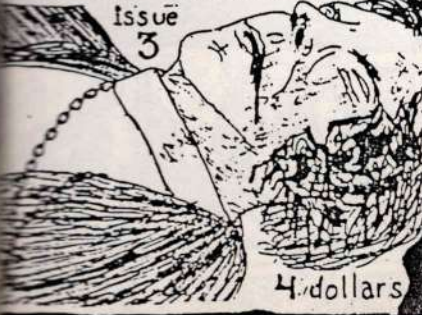

KARLEN: My mother play deadsolo on our next LP. Our parents is one of MERCILESS biggest fans. They love then we play our song... Kill parents and take the money, he!he! (You're too cruel Karl-ed.)

YOYOYO!!!!!! Finally, I discovered this band here in my own land, Singapore. I always getting rumours about their band whom into more Hardcore styles, but it was totally a shock for me when the first I decided to view them in their own gig, quite long time ago here. Mannn... they really kick my butt off cause it is totally different from what I have heard so far about them. They plays some kind of a Death/Thrash/Punk/Crossover music with an excellent sounding and pure heavy guitars structures, it certainly make my feet kept moving and as well bang my head all the way as the song goes. Anyway they have sent me their studiotape that contains about 10 tracks of raging deathrashing songs entitled 'It's our lives'... Aaaha, what a nice title!!!

'OPPOSITION PARTY' were formed since late '86 as a four-pieces band during that time but due to some merenes changes, they had to just went on as a three pieces band with: Francis-guitars/vox, Evan-bass & Michael-drums. As ya know that they have played quite several gigs, pubs, lounge, etc. so their bands are quite well known here nowadays. By the way, I have done an interviewed with Francis recently, so if any you fuckhead who wanted to seek some real serious bands for something shit, check this one out, I recommend this for ya... Anyway let's go on :

E.R.Z.: Well Francis, tell us something about your band feedback ?

FRANCIS: 'Opposition Party' was formed in late 1986. It was a four-piece band at first. In early '89, the band went through some line-up changes and became a three-piece band. The present line-up are; Francis-guitars/vocals, Evan-bass, Michael-drums.

E.R.Z.: What inspired you to took the name 'OPPOSITION PARTY' ?

FRANCIS: We chose the name 'Opposition Party' as it sounds quite shocking for a local band. We feel that it will be able to grab people's attention.

E.R.Z.: Do you headbanging or dancing while playing your guitars ?

FRANCIS: We do a bit of headbanging sometimes if we get into the mood for it during our gigs.

E.R.Z.: Do you intent to cry if you forgotten your lyrics ?

FRANCIS: No, I don't cry if I forgotten my lyrics (...but I do sometimes cry, hi!hi!-ed) I will just try to make it up on the spot.

E.R.Z.: Mostly, what zine' are you featured in for the moment ?

FRANCIS: We haven't really been featured in much zines yet. Any other zines that wants to interview us please write in. Thanks!

E.R.Z.: Who mostly writes the lyrics and the songs, what is it all about ?

FRANCIS: All of us writes the lyrics. The music is written mostly by me (Francis). Our songs mainly deal with society, war, nuclear threat, etc.

E.R.Z.: What's your comments on the girls pussy ?

FRANCIS: No comments!

E.R.Z.: Tell us some of your influences band ?

FRANCIS: We are mainly influenced by U.K. punk bands like: DISCHARGE, ENGLISH DOGS, G.B.H., BROKEN BONES, etc.

E.R.Z.: What's your opinion on Death Metal bands in Singapore ?  
 FRANCIS: We don't really know what to say as we haven't really heard many local death-metal bands yet. (Hey Francis, deathmetal scene here is great now!!!-ed)  
 E.R.Z.: From where did you obtain your rotten voice from, is it hard for you to sing and plays your guitars ?  
 FRANCIS: It's just the way I sound after singing and shouting for the past years. It got rougher by itself. Yeah, it's a bit tough playing the guitar and singing. Cock-ups sometimes happen when doing two things at the same time. (So pitiful!!-ed.)  
 E.R.Z.: How many litres of sperm can you get after masturbating ?  
 FRANCIS: About the same as you. (Grrrrr..mine is about 10 litres per masturbate!!!!-ed)  
 E.R.Z.: What's your opinion on 'Samantha Fox' breast ?  
 FRANCIS: Who's 'Samantha Fox' ? (She is the well known prostitute in Europe-ed.)  
 E.R.Z.: What is your band future plan now ?  
 FRANCIS: We hope to be able to play more gigs. We might be planning to do a new tape also.  
 E.R.Z.: Your last fermented words to the readers ?  
 FRANCIS: We'll definitely like to hear from anybody out there. We have a tape which you can buy it's called 'It's Our Lives'. Anyway, write to us, get us gigs, address all mail to ;

ISKANDAR 'BOTAK'.....

...and the DEAD!!

Oooh..my goodness!!!I've discovered a CLASSICAL deathmetal band called TOXODETH.This Mexican chaps were formed since Jan.'85 but with loads of members changes before like 3 rhythm guitar,6 drummers,3 guitars & vox.,5 bassists and 3 solo vox...Mineee what the fuck!!!Finally,after those fucking changes,now they had a stabile line-up with Ize Garcia-guitars,Raul Guzman-guitar & vox.,Ricardo Vilchez-bass and Alberto Vela-on drums.Well in their 2nd demotape 'Phantasms' includes 6 songs and were known with lots of classical tunes but was deformed to deathmetal riffs.That's why I usually wonder why there is lots of guitars' solos in their songs...but I more prefered to the solos from Joe Satrians or Stevie aaha...Their songs were filled with excellent guitars parts and a bit technical.Its really hard to explain their sound,but it was really fuckin' bestial anyway.Their lyrics tell us about fantasy horror,Twilight Zone,goblins,mysterious things gore etc.Soon after they have their two demo been released, this chaps got a deal with Wild Rags Records and has put out their debut Lp out entitled 'Mysteries About Life & Death'-I think this album surely killzzz!!!So come on fuck heads read my interview with Raul,its goes a bit sober,anyway.....enjoys!!!!

E.R.Z.: O.K. Raul tell us some of your band feedback and the members age too ?

RAUL G: The band formed on December of 1984 and bla-bla-bla,Raul Guzman-lead guitar and vocals(19),Alberto Vela-drum(23),Ricardo Vilchez-bass(20) and Ize Garcia-rhythm session guitars(20).

E.R.Z.: What type will you describe your music,and whos' got the name 'TOXODETH', tell us briefly what does it really means ?

RAUL G: Its a speed dead Mysterious Metal with alot of classical music,oh!The name TOXODETH,it isn't mean anything,its only one name. (Ggrrrr-ed.)

E.R.Z.: Is there any beautiful girl in your area ? ha..ha..ha..

RAUL G: Ooh!dude,there is a lot of beautiful girls over here,alot ones!They have good face,good body and good one ass! (WOW!!-ed.)There is some Heavy Metal,Pops,thrashers,classical,newages,Progressives,Folk music,all of them are so good ones.

E.R.Z.: What do ya eat everyday to make ya voice rotten,and do ya find it's difficult to sings while playing your guitars ?

RAUL G: I'm trying to be vegetarian,but I cannot be,because I like alot some Fishes all foods from sea and chicken's mmm.....,about play difficult the guitar and sing, thats its part of me,listen the album,and you will see what its strange to play & sing.

E.R.Z.: For how long or minutes can you handle when fucking a girl ?

RAUL G: Ooh!Good question,I think hours,why not? (Hey,are you crazy?-ed.)I like do all styles of Fuck one girl or like Fuck with two girls at the same time. (Really gruesome!!-ed.).

E.R.Z.: What are your current faves band and does any Grindcore interests you ?

RAUL G: Not,we don't listen thats styles of bands.I'd hear Napalm Death,but I don't listen. (?????-ed.)

E.R.Z.: Tell my readers how or where to lick the girls ass ?

RAUL G: Ooh!I like kiss assholes of girls alot,kiss all of them girls,they have alot of parts to kiss:Pussy,Ass,Tits,Face,Eyes,Legs on and all. (I'm talking about licking not kissing Raul!-ed.).

E.R.Z.: Tell us some new stuff you got right now ?

RAUL G: Ooh!Its so different its more technical classical, strange music into my own de Metal.

E.R.Z.: Have ya ever crucify the 'jesus' and felt the lust to fuck an animal ?

RAUL G: I don't understands that!!! (Why???-ed.).

E.R.Z.: What do ya know about my band ?

RAUL G: I cannot tell you anything because I'd never listen or hear it.

E.R.Z.: I like to say that 'Sarcofago' is truly a casual wimps now, cause ' their not in the mood of spikes and bullets again, what will you say about them ?

RAUL G: I'd never hear or listen about Sarcofago, I do not listen to any band...sorry. (Poor Baby!?-ed.).

E.R.Z.: Have ya done any gig so far ?

RAUL G: We are not playing too much live because I like on that ways, I don't play 2 or times in the same city in the same year, we are so normal guys, you can check the photo. (Are 'nt they handsome?-ed.).

E.R.Z.: Do ya all believes in Satans Lord, give a brief answers ?

RAUL G: I believes that asshole exists, but I don't care because I believe in God.

E.R.Z.: From where did you get the idea to create the lyrics and do you like Horror st

RAUL G: I like alot that Horror, gore, Mysterious Movies since I was a child, and for the I like it, and put Horror lyrics with Mysterious Music with classical RIFFS on the guitar

Geeeeeeee!!! This is the most horrendous and repulsive band that I have heard so far! It's the Norwegian CADAVER that started since autumn '88, after the split up of their old band, SARCOPHAG. Anyway they got together and went on as a three pieces band with Anders-guitars, Rene-bass and Ole-drums & vox. After several rehearsals, this guys is back again but with their new attack demo 'Abnormal Deformity' that contains 6 tracks of fuckin'-brutal death-core, and more exactly like the UK gods, CARCASS. This band is really aggressive and original, and I bet that your mums eardrums will surely burst!!!! Meanwhile they has signed with the Necrosis Records for a full lenght Lp soon and it gonna be more powerful, rawish and bestial. So if you're into that kind of stuff, why don't write to 'em and bought their demo for US6\$ CADAVER

# BLACK PROPHECIES

UURRRGGGHHHH!!!! HOME SHIT!!! BLACK PROPHECIES is an Italian bands that were formed since April '87 and has put out their first demo entitled 'Azathoth'. Well honestly speaking mostly 'zine editors said that this band is brilliant and are fuckin' pure incredibly heavy and they plays real Black Death Metal but after I heard their demo, I observed that this freaks plays total SHITTTTTT..., yes I mean SHIT!!!!!! They're a bunch of fermented shit with shit sounds and shit musics + shit lyrics, also the demo recordings is totally bad... FUCK!!! The members are Maury-vocals, Ingo-bass, Achille 'Dark' Testa-guitars and Rob-drums. I think that they must improve a lot and probably if possible just kick out Maury cause this fucker doesn't know how to sing well. In my opinion this band is total shit, nothing good but shit-shit-shit, anyway you can write at them for more shit info.

GODZZZZZZZZZZ!!!! This two pieces DEATH METAL Gods is from Japan that has been together since '87. I never expected that there would be a lot of Death bands and freaks, hence I know that the scenes there was too little but anyway Japanese bands is great, you know why? The reasons is that each bands there is performing great sounds, lyrics and music + they're up to standard like those U.S. bands recently but not yet!!! Soooooooo I decided to reviewed this Death Metal gods by the way NECROPHILE is formely formed by Takaaki Ohkuma (bass & vocals) ex. CRIMINAL CHRIST & Keisuke Matsunaga (guitars & drums) ex. MESSIAH DEATH. During the late '87, they were both 16 years old but they tried to find others guys for completing their line-up, but after all they could not find a suitable one for their band. As a result, they decided to go on as a two pieces band. In Nov. '88, they recorded their first 4-tracks demo 'The Terminal Derangement' that are very gruesome! But during in Feb. '89, they recorded again but with only includes 2-tracks entitled 'Beyond The Truth'—anyway this is more KILLZ! Some tunes are slow and change fast, also the recording is high quality... Come now let's hear something from this guys, write to 'em O.K.

POSERS!

WIMPS!

FUCK!!!

SHIT DEATH METAL!

GOATLORD is a four pieces poser band from Las Vegas. This monkey were formed since '86 and have released a shit demo entitled 'Forever Black Dwell in Hell' & 'Sodomize The Goat' that are full of shit sounds and shit lyrics... FUCKIN' BULLSHIT!!!!!!!!!!!!!!!!!!!!!!!!!!!! I truly hate the way Ace (vocals) sings and their music is too fuckin' weak as well. Besides their also a fucking rip-off person, so readers don't send any money or I.R.C. for sure reply to them cause they just intent to rip ya off and have your money for them to brew some beer!! But anyway you can send 'em condom, bodice, panties and all kind of shits!!!!!!!!!!!!

PEACE

Hey bloody fool...this is another newest Death Metal bands that have known here too in Singapore,fucking GODZ!!!A quite excellent songs with crazy vocals and sick melodies.History: The band were formed somewhere around '87 but with several line-up and several monicker changes too like:BIASPHEMER,CREMATOR,REPUGNANCE etc..

and lastly PROFANCER was the definite result and they hope that this name will be the last & eternal.After such a long fucking delayed,this bastards is back again w/ their new '90 demo called "Rest Without Peace".Anyway this demo includes only 3 trax as it is to spread the name of the band,for all this is the first original material that the band members had written so far since they had played quite alot of covers.Their awful line-up now has: Aman-voice, Razali-bass/back up, Shahid-guitars and lastly Iskandar-drums.Probably in the near future,they will record more trax for the next upcoming.You'll should have this quality demotape from them but now will ya stop dreaming and read on my interviews with them;answered by Aman and Iskandar;-SUPPORT THE ROT- :

R.R.I.:Well a said,when are PROFANCER dark history started ?

AMAN/ISKANDAR: Well,PROFANCER was formed back in 1987 and that was around October or November but before that we had already a band but with several line-ups and several monickers too. After long fuckin' delay,finally we managed to record our first demotape at one of the 24 tracks studio.(Same studio that were used by ABHORER R.I.P.)

R.R.I.: Are you satisfied with the way your demo turns out ?

A/I: So far,we got the responsed from local thrasher that our demo is great but we think we should improve more.The guitar sound is a bit weak,we wanted the sound to be heavy.But all of these is because of shortage of time in the studio and inexperience recording in the real studio.But the 2nd,we will trainhard before going into the studio,we also got a service from one of our friend(my neighbour)to engineer and mixing our second upcoming.

R.R.I.: What's your reaction if you suddenly knock the amps while you're were headbanging tremendously ?

A/I: Oh,I will kicked,spit on the amps.But when the owner didn't know about that,I certainly turns the amps.Ha,Ha,...(You're so cruel guys!!!-ed.)

R.R.I.: What's your opinion on other Deathmetal bands in Singapore ?

A/I: As you can see,more and more Deathmetal,Grind band are growing like mushroom but we need a good support and more gigs.Good exposure too will help our local bands.

R.R.I.: Do you felt the lust to piss while playing your drums ?

A/I: No,I feel the lust to shit.Liquid,yerk!!!!

R.R.I.: Do you smack your lips or make other unladylike noises while you eat ?

A/I: No,I will eat properly and obediently.Not like you! (Just because of that???-ed.)

R.R.I.: Explain us what are your lyrics about and from where did you get the fantasy horrible ideas to create it ?

A/I: Our lyrics mainly based on religion,I mean hatred esp. Christianity.We do also try on subject like death,after death,horror,gore,real situation and some occult a bit.Usually by reading books and some movies(horror)too help a lot.

R.R.I.: What are your definition on gay aftering mens dick ?

A/I: Eh,it's o.k. I like that.(Are you crazy?-ed.)They should do that more often instead of kissing mens lip. (EEEEEEYARK!!!-ed.)

R.R.I.: Do you feel the fact that you're a cult band ?

A/I: No,although I like that subject.

R.R.I.: Do ya chew with your mouth open ?

A/I: Yes,absolutely!So that people will get a chance to smell my bad breathe.(GGGrrrr-ed.)

E.R.Z.: Have ya saw a pussy before ?

A/I: Yes, absolutely! In a playboy and penthouse magazine. Nice little pussy!!

E.R.Z.: What project are you'll working for the moment ?

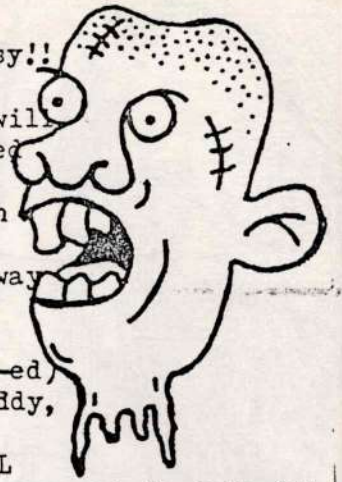

A/I: So far, we are rehearsing new song for the next recording. Maybe it will be around five to six songs. We also waiting for call where we are invited to play some gigs. (Where, in the toilet???-ed.)

E.R.Z.: Do you accept if Bon Jovi wanted ya band to make a split EP with them ?

A/I: Yes, surely I will accept that Bon Joviak offer. We will blow them away with our Death Metal and after that he will never call us again. I will also win over their female fans. Get fuck all night. (So this what you're expecting for huh???-ed.) It's that what you're looking for? (Of course!-ed)

E.R.Z.: Thanxs alot for your hardness answering this shitty question buddy, what are your last babbling to the EVIL ROTTING 'zine readers ?

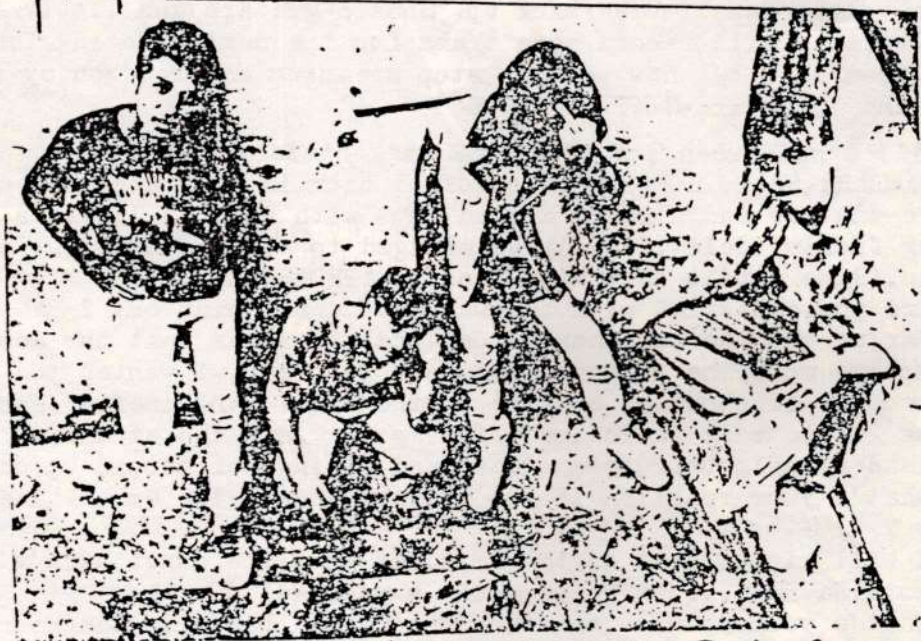

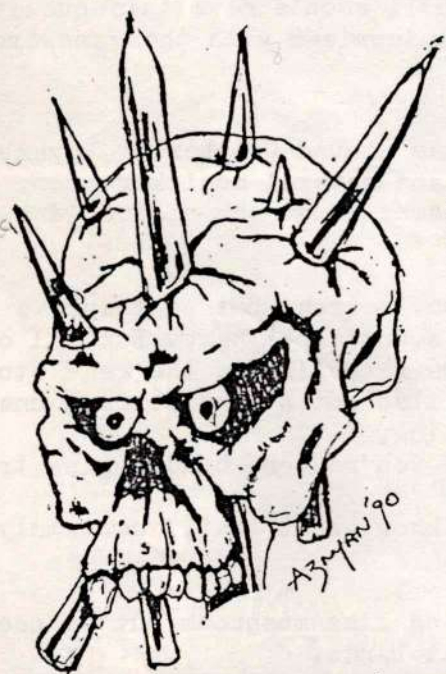

A/I: Well Azizi, thanxx alot for your interviews and all the best to EVIL ROTTING ZINE'. (You're welcome!!-ed.) Support our local scene, buy our tape or rot in pain like some weak crowd (You know who you are). See ya' AZIZI. (See you in the toilet too!-ed.)

BEFORE THE DAYLIGHT COMES  
HEY, DEATH METALLERS! STUDY THE NEW SCIENCE OF  
HORROR WITH THE NOCTURNUS DEMO. AAARRRRGGHHH!

Hey ya wimp. You don't have the debut issue of Godvomit 'zine? You oughta be shot, BOYEEEE!!!!!! It's got well over 100 reviews, several interviews (with bands like Therion, Impetigo, Exit 13, Dead Horse, Funebre, Mortician, Nuclear Death + lots more) ads, art, cartoons, gore flicks, and other shit all in a vomituous layout, extremely thick and professionally printed, all for just \$4.00 to my new address: JASON BECK/603 TOBY LN./ CONROE, TX./77301/USA. \$2 is in the works now so bands send your promo packs!

In the country Holland, exists this new Dutch sober band called GOREFEST! This guys has been together since late '89. They normally play lots of Deathmetal riffs and covers and I think its so obscure and brutal but anyway its turns out different caus they just a normal Deathmetal band.

Well, so far they have their first attack been released entitled 'Tangled in Gore' demotape and I think its really a killer stuff anyway. Unfortunately, they seems to be such a SERIOUS guy without any sense of humor and they had the slightest bit amused when I sent them a very-very sick questions for the interviews in my zine!!! They wer quite bored by it and if possible, they surely kill me if they met me one day. So they all rather had a new serious interview, by the way they're answers to my questins are rather amusing...so I decided to just place this one out. Everyone who's in for a good laugh, check this shit out and don't forget to burst into laughter, let's go:

E.R.Z.: Since when was your band were formed and do ya think Gorefest is a different type from other Deathmetal bands ?

JAN: Since me and Fraul decided to form a Death Metal band and tried to get line-up together we started to rehearse in late '89. If you compare us to a lot of Death-noise bands like there are some in Singapore, than we are different but we just play normal Death Metal.

E.R.Z.: Do ya dick have ever caught in a washing machine before ?

JAN: No.

E.R.Z.: Do ya ever suffers from diptheria after singing ?

JAN: I may sound like a zombie when I'm singing but I'm lucky enough to be a quit healthy person and I'm not suffering from diptheria or other diseases, are you ?  
(Oooh gurs, I'm always been suffering!!!-ed.)

E.R.Z.: Do you used insect spray to spray at your body as a perfume when you're out in a date ?

JAN: No.

E.R.Z.: Are your band really fanatic with 'Carcass', since your bands logos' are similar to them, why ?

JAN: Yes, but that's only for me and Fraul we think they really make great music.

E.R.Z.: Have ya ever been sentenced to jail for committing crimes like sex, or etc.

JAN: No.

E.R.Z.: What's your opinion about animal vivisection recently ?

JAN: In no way we think it's good to let animals suffer in order to get skin friendly make-up !

E.R.Z.: Have ya ever fried a dog cock as a pure hotdog for your breakfast ?

JAN: No.

E.R.Z.: Any plans making Lp soon or another demotape ?

JAN: We maybe are going to record another demo, but probably we will have an album out in early '91 perhaps on Nuclear Blast, since they are interested to do an Lp.

E.R.Z.: Do ya ever tried having sex with a frying pan ?

JAN: No.

E.R.Z.: Definitely are you a sober person or a sick person ?

JAN: Sober.

E.R.Z.: When did the last time you lick your own erection ?

JAN: No.

E.R.Z.: If you're already a septuagenarian, do you still headbanging-diving-slam, do violence and vandalism till you're dead ?

JAN: No, we've against violence. It sucks!!!

E.R.Z.: Does your girlfriend accept ya as her scapegoat only ?

JAN: No.

E.R.Z.: What are your sick merchandise that are still available till now ?

JAN: We have our 'Tangled in Gore' demo for US6\$, a live tape + 45mins for US4\$, and two T-shirts sizes L & XL + backprint for US12\$.

E.R.Z.: Have ya ever been choked after eating bananas ?

JAN: No.

E.R.Z.: What's your opinion about bands that have a rock-star attitude ?

JAN: To whom it's up to decide whether one has a rock-star attitude or hasn't, if one sells alot of albums it doesn't always mean that his personality has changed a lot.

E.R.Z.: Thanxx for your shit answers, your last comment please ?

JAN: First of all: If you read 'Evil Rotting' zine, you must be pretty fuckin' stupid considering some of the stupid, pathetic questions (Hey readers don't believe him!!!) I mean, do you think we're little children or morons or something like that? (Not that far Jan. -ed.) We're trying to take our music as serious as possible, and you give us this shit like we just came out of a mental hospital (Is it true? -ed.) I suggest you'd wake up and start living in the reality. By the way, this is not a personal attack, just some advice (I know that. -ed.) We appreciate your contribution to the underground, but you can only contribute if you take your own underground scene, which is Deathmetal serious.

Hey dudes, you have read that aren't you? Ha! Ha! Ha! Come now, let's have some stupid laugh. Oooh if any journalists or other zine editor who wanted to interviewed them, please do it seriously not like me O.k. write to:
